

Happy Cappy Medicated Shampoo & Body Wash Adds 665 Walmart Locations as Pediatric Brand Expands National Reach

Dr. Eduard (Eddie) Valenzuela, MD, FAAP brings pediatrician-developed OTC formula for dandruff and seborrheic dermatitis to more families across the United States.

Houston, Texas Jun 11, 2026 (Issuewire.com) - Pediatric Solutions, LLC, announced today that

Happy Cappy Medicated Shampoo & Body Wash, its pediatrician-developed over-the-counter treatment for childhood dandruff and seborrheic dermatitis, will be available in 296 Walmart Neighborhood Market stores, 289 Walmart Supercenters, and 80 Walmart stores by the end of June 2026.

Created by Founder and CEO, Dr. Eduard (Eddie) Valenzuela, MD, FAAP, a board-certified pediatrician, Fellow of the American Academy of Pediatrics, Happy Cappy Medicated Shampoo & Body Wash is an over-the-counter medicated formula that helps control the symptoms of dandruff and seborrheic dermatitis in children of all ages, including scalp itching, irritation, redness, flaking, and scaling associated with these conditions. It is dermatologist tested, clinically tested, hypoallergenic, vegan, cruelty free, and made without fragrance, dyes, sulfates, parabens, or phthalates.

The Walmart Neighborhood Market format places Happy Cappy alongside the over-the-counter medications and pediatric health products that parents reach for during routine pharmacy and grocery trips, making the product easier to find in the moment a child's symptoms appear.

That existing presence is substantial: the product is stocked in 3482 Walmart stores, more than 6,800 CVS Pharmacy locations, Walgreens, and Amazon.

"I became a pediatrician to help kids feel better, and I've met so many parents trying their hardest with products never made for children. There's nothing better than telling a worried parent 'This can help, and your little one will feel better soon.' Now, with every new store, that reassurance is a little easier for families to find."

— Dr. Eduard (Eddie) Valenzuela, MD, FAAP, Founder and CEO, Pediatric Solutions, LLC - Happy Cappy

Dr. Valenzuela earned his Doctor of Medicine from UT Southwestern Medical School and completed his pediatric residency at Children's Hospital Los Angeles. His clinical experience with seborrheic dermatitis, dandruff, and eczema in children directly informed the formulation of the product line. He continues to practice pediatrics in Houston while managing Happy Cappy through Pediatric Solutions, LLC, which he founded in 2014.

Happy Cappy Medicated Shampoo & Body Wash is available at participating Walmart Neighborhood Market locations beginning in late June 2026, in addition to Walmart locations, CVS Pharmacy nationwide, Walgreens, Amazon, and directly at HappyCappyShampoo.com.

About Happy Cappy

Happy Cappy is a pediatric-founded skincare brand created by Dr. Eduard (Eddie) Valenzuela, MD, FAAP, board-certified pediatrician and Fellow of the American Academy of Pediatrics. The brand is operated by Pediatric Solutions, LLC, founded in 2014 and headquartered in Houston, Texas. The Happy Cappy product line includes Happy Cappy Medicated Shampoo & Body Wash, an over-the-counter formula that controls the symptoms of dandruff and seborrheic dermatitis; Happy Cappy Daily Shampoo & Body Wash, formulated for dry, sensitive, and eczema-prone skin; and Happy Cappy Moisturizing Cream. All products are fragrance-free and dermatologist tested. Happy Cappy products are available at HappyCappyShampoo.com, Walmart, CVS Pharmacy, Walgreens, and Amazon.

About Dr. Eduard (Eddie) Valenzuela, MD, FAAP

Dr. Eduard (Eddie) Valenzuela, MD, FAAP is a board-certified pediatrician, Fellow of the American

Academy of Pediatrics, and the founder and CEO of Pediatric Solutions, LLC. He earned his Doctor of Medicine from UT Southwestern Medical School in Dallas, Texas, and completed his pediatric residency and internship at Children's Hospital Los Angeles. Licensed by the Texas Medical Board, Dr. Valenzuela has actively practiced pediatrics in Houston, Texas since 2010. He has served as President of the Houston Pediatric Society and President of the Harris County Medical Society's Western Branch and has received Top Doctor recognition from Houstonia Magazine and H-Texas Magazine consecutively from 2013 through 2019. He created the Happy Cappy product line to address the absence of a children's-specific OTC medicated shampoo for seborrheic dermatitis and dandruff.
