

IIBM Patna Emerges as a Leading Choice for BCA in Patna Bihar with 100% Placement Support

IIBM is rapidly gaining recognition as a leading choice for students pursuing Bachelor of Computer Applications (BCA) in Patna Bihar, backed by its strong placement support and industry-oriented curriculum.

Patna, Bihar Jun 10, 2026 ([Issuewire.com](https://www.issuewire.com)) - Established in 1979, IIBM Patna has built a solid reputation in management and IT education, offering programs affiliated with Aryabhata Knowledge University and recognized by relevant authorities. The institute focuses on combining academic excellence with practical exposure, preparing students for real-world careers.

The [BCA Program](#) at IIBM is designed to equip students with core computing knowledge, problem-solving skills, and hands-on experience through live projects, workshops, and domain specializations such as Cloud Computing, Cyber Security, Data Analytics, and Artificial Intelligence.

A key highlight of the institute is its dedicated Training and Placement Cell, which works extensively on interview preparation, soft skills, and industry readiness. Students undergo structured training including group discussions, personal interviews, and communication development to enhance employability.

IIBM Patna emphasizes strong industry connections and collaborations with platforms like AWS Academy, Google Developer Student Clubs, and professional bodies, ensuring students receive exposure to the latest technologies and career opportunities.

With a focus on practical learning, modern infrastructure, and career-driven education, IIBM Patna continues to attract students from across Bihar and neighboring regions, strengthening its position as a preferred destination for BCA aspirants.
