

Institute of Health Sciences (IHS), Bhubaneswar Opens Admissions for Bachelor of Physiotherapy (BPT) 2026

Bhubaneswar, Odisha Jun 9, 2026 ([Issuewire.com](https://www.issuewire.com)) - The Institute of Health Sciences (IHS), Bhubaneswar, one of Odisha's leading allied healthcare institutions, has announced admissions open for its [Bachelor of Physiotherapy](#) (BPT) program for the 2026 academic session. Students aspiring to build a rewarding career in rehabilitation, sports medicine, and healthcare can now apply for admission to this highly sought-after professional course.

Physiotherapy has emerged as one of the fastest-growing healthcare professions globally. With increasing demand for rehabilitation services, injury management, pain relief, and post-operative care, qualified physiotherapists are playing a vital role in modern healthcare systems. The BPT program at IHS is designed to prepare students with the clinical knowledge, practical skills, and professional expertise required to excel in this dynamic field.

Established in 1999, the Institute of Health Sciences, Bhubaneswar, has built a strong reputation for excellence in allied health sciences education. The institution offers industry-focused programs and provides students with extensive clinical exposure, modern learning facilities, and opportunities for professional development.

The Bachelor of Physiotherapy (BPT) program at IHS is a comprehensive 4.5-year course consisting of four years of academic study followed by six months of compulsory clinical internship. The curriculum covers essential subjects such as Anatomy, Physiology, Biomechanics, Exercise Therapy, Electrotherapy, Rehabilitation Sciences, and Clinical Physiotherapy. Students receive hands-on training that helps them develop practical skills necessary for real-world healthcare environments.

To be eligible for admission, candidates must have completed their 10+2 education with Physics, Chemistry, and Biology and secured at least 50% aggregate marks. Eligible students can apply through the institute's admission process and counseling procedure.

One of the major strengths of IHS Bhubaneswar is its strong emphasis on practical learning and clinical training. Students gain valuable experience through hospital exposure, rehabilitation centers, and healthcare facilities, ensuring they are career-ready upon graduation. The institute also provides placement assistance and guidance for higher education opportunities in specialized physiotherapy fields.

Graduates of the BPT program can explore diverse career opportunities in hospitals, physiotherapy clinics, sports rehabilitation centers, fitness and wellness organizations, community health centers, and research institutions. They may also pursue higher studies such as Master of Physiotherapy (MPT) in specialized disciplines, including Orthopedics, Neurology, Sports Medicine, Pediatrics, and Cardio-Pulmonary Rehabilitation.

Admissions are currently open, and interested candidates are encouraged to apply early due to limited seat availability. Students seeking a professional healthcare career with excellent growth prospects can take advantage of this opportunity to join one of Odisha's premier allied health sciences institutions.

For admission inquiries and application details, candidates can visit the official admission portal of IHS Bhubaneswar or contact the admission office directly.
