Blending spiritual wisdom, personal experience, and empowering guidance, the book encourages readers to recognize their connection to a greater universal intelligence and actively participate in shaping their future.

Inspired by Personal Transformation

The inspiration for *Your True Human Power* comes from Rev. Golden's own journey of transformation.

Having experienced financial struggles, emotional challenges, and unhealthy relationships earlier in life,

he sought answers through spiritual study and self-discovery. Through the teachings of New Thought Philosophy and a deeper understanding of universal principles, he experienced significant positive changes in every area of his life.

Those experiences ultimately inspired him to share the lessons he learned with others and help individuals realize their own potential for transformation.

"I wrote this book to help humanity understand the truth of who we are," says Rev. Golden. " We are each expressions of the Divine Source, and when we recognize that truth, we gain the ability to consciously create a more fulfilling and meaningful life."
