Dubai, United Arab Emirates Jun 29, 2026 ([Issuewire.com](http://Issuewire.com)) - About The Book

Fast-paced life is removing us from meaningful connections with families, neighbours, friends, and others in society. By acknowledging her human traits, the author sees everyone for who they are, from

the youngest humans to the eldest.

Drawing the reader in with its personal tone, *Raising Me* reveals the profound self-discovery that comes with parenting a neurodivergent child, while subtly challenging societal norms.

Flipping the script on traditional parenting books, it emphasises the mother's growth as the foundation for everything else.

### **About The Author:**

Hanaa Alabri, an Emirati mother of an autistic son, channels her journey into advocating for inclusivity.

Trained in Applied Behavioural Analysis, she uncovers insights into her own neurodivergence, infusing her work with empathy. With a BA in Public Relations and a Masters in Sustainable Development Law, Hanaa serves Abu Dhabi's education sector, aligning with the UAE's vision.

Through storytelling and community classes, she fosters spaces where all children thrive, weaving compassion into society's fabric.
