**St. Louis, Missouri Jun 5, 2026** ([Issuewire.com](http://Issuewire.com)) - After earning his PhD at a major International University in Paris, France in 'International Trade & Finance,' and after earning his Professorship at the same International University in 'International Literature', Sir, Prof. Dr. Joseph Peebles has taken first place in a major International Business Competition.

Recognizing leaders who are shaping the future of business and sustainability.

We are pleased to announce that Sir, Professor, Dr. Joseph Peebles, President & CEO of The Peebco Energy Group, and a celebrated published author, has been honored with the Global Business Innovation & Sustainability Leader of the Year award at Future Leaders Conclave 2026.

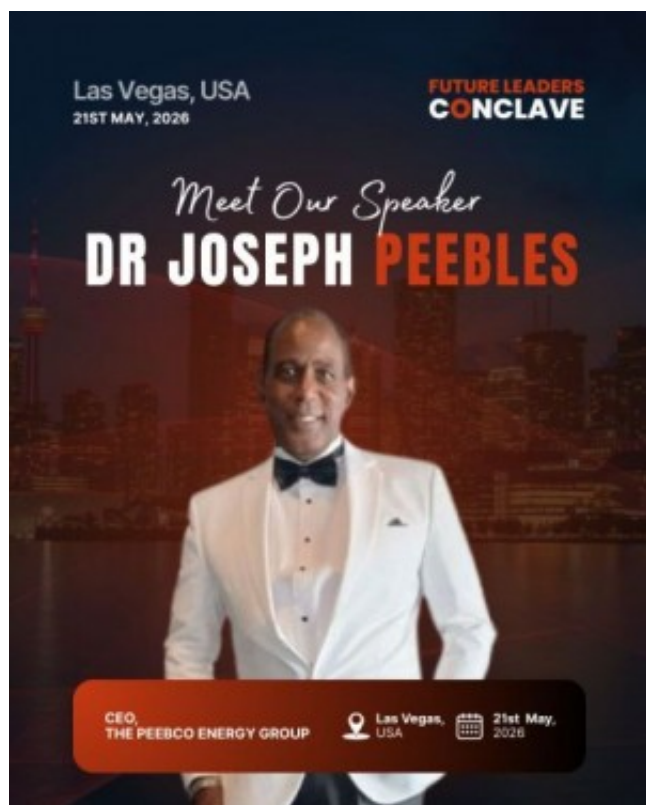

A visionary leader in sustainable energy, infrastructure development, and international business, Prof. Dr. Peebles continues to drive innovation that creates lasting global impact.

Congratulations on this well-deserved recognition.

Additionally, Prof. Dr. Joseph Peebles plans to attend two grad-schools simultaneously this upcoming 2026 fall semester. He will be attending Seton Hall University's law school for 'International Business Compliance' and Regulations and the University of Miami for 'International Administration.'

We wish Prof. Dr. Peebles well.
