**Los Angeles, California Jun 23, 2026 ([IssueWire.com](http://IssueWire.com))** - Soul Stage LA™ will debut Soul Stage Solos™, a new live performance series dedicated to discovering and elevating emerging vocal artists, on **Thursday, July 30, 2026, at Studio 1 in the Los Angeles Arts District.**

The inaugural event introduces an intimate performance format where audiences experience emerging artists through extended live sets accompanied by a professional band. Designed to celebrate authentic musicianship and meaningful storytelling, Soul Stage Solos™ creates a listening-room atmosphere centered on the artist, the music, and the audience.

Inspired by the intimacy of today's most celebrated live performance series, Soul Stage Solos™ gives artists the opportunity to move beyond a single song and invite audiences into a richer musical experience through original compositions and fresh interpretations of contemporary R&B, Neo Soul, and timeless soul classics.

"Soul Stage LA™ was founded on the belief that exceptional artists deserve exceptional opportunities. Soul Stage Solos™ was created to give emerging vocal artists something every great performer needs early in their journey: the time, the space, and the stage to fully express who they are."  
— Julian Paris, Founder and Executive Producer of Soul Stage LA™

The new series expands Soul Stage LA™'s mission of creating meaningful opportunities for emerging artists while cultivating authentic connections between performers and audiences through live music.
