

UIFP Strengthens International Academic Alliances Between Europe and America

The International University of Professional Education (UIFP), based in Madrid, Spain, continues expanding its international academic cooperation with educational institutions and organizations across the United States, the United Kingdom, and Latin

Madrid, Spain Jun 3, 2026 ([Issuewire.com](https://www.issuewire.com)) - The International University of Professional Education (UIFP), an international institution based in Madrid, continues strengthening its international academic alliances through cooperation and educational partnership agreements with institutions, training centers, and academic organizations from the United States, the United Kingdom, Mexico, Ecuador, and several Latin American countries.

These international alliances are part of UIFP's internationalization strategy, focused on promoting educational innovation, professional training, lifelong learning, and the development of new academic opportunities for students and professionals from different countries.

Through these international academic partnerships, **UIFP** promotes initiatives related to educational cooperation, professional training programs, academic exchange, international certifications, and global

educational development projects.

The institution continues consolidating an **international academic cooperation network** aimed at strengthening access to international education, digital innovation, and the expansion of educational opportunities throughout the Spanish-speaking world.

UIFP develops academic proposals and programs focused on professional training and **international education**, promoting strategic alliances with organizations and educational institutions committed to quality and international academic growth.

The university reaffirms its commitment to international cooperation and the development of new educational opportunities that connect institutions and professionals from Europe and America through globally oriented academic projects.
