

Wagner Law Group Investigates GKN Aerospace Chemical Spill Claims in Garden Grove

Fresno personal injury firm representing residents affected by the GKN Aerospace chemical tank emergency that forced evacuations across Garden Grove and Anaheim

Fresno, California Jun 5, 2026 ([IssueWire.com](https://www.IssueWire.com)) - The Wagner Law Group, a leading California personal injury firm, is actively investigating claims on behalf of residents and workers affected by the GKN Aerospace chemical tank emergency in Garden Grove, California. The incident forced evacuations across Garden Grove, Anaheim, and surrounding Orange County communities, displacing families and causing significant property damage and health concerns.

Approximately 29 claims have been filed in Orange County Superior Court, and additional federal claims are pending. The Orange County District Attorney has launched a criminal investigation into the incident.

Affected residents may be entitled to compensation for property damage, lost wages, relocation costs, medical expenses, and emotional distress.

"Families in Garden Grove and Anaheim deserve accountability from GKN Aerospace," said Nicholas Wagner, founder of The Wagner Law Group. "We are committed to fighting for every resident impacted by this chemical emergency."

The Wagner Law Group has recovered more than \$300 million for clients across California, including a \$100 million+ recovery against PG&E and a \$72.4 million verdict against Walmart.

Residents affected by the GKN Aerospace chemical spill are encouraged to contact [The Wagner Law Group](#) for a free consultation at (833) 200-7111 or visit our [GKN Aerospace chemical spill lawsuit page](#) for more information.
