Dubai, United Arab Emirates Jul 20, 2026 ([Issuewire.com](https://www.issuewire.com)) - 17th International Conference on Pathology, Digital Pathology & Cancer

Date: February 01-02, 2027

Venue: Novotel Al Barsha, Dubai, UAE

Advancing the Future of Pathology and Cancer Research

Join distinguished healthcare professionals, researchers, academicians, and industry leaders from around the world at the **17th International Conference on Pathology, Digital Pathology & Cancer**, taking place in Dubai on **February 01-02, 2027**.

This international conference provides an exceptional platform to exchange scientific knowledge, showcase innovative research, discuss emerging technologies, and strengthen global collaborations in pathology, digital pathology, and cancer diagnostics.

Conference Theme

"Advancing Innovation in Pathology and Cancer Research: Uniting Global Experts to Foster Collaboration, Excellence, and Breakthroughs in Diagnostic and Clinical Practices."

The scientific program will feature the latest developments in diagnostic pathology, digital transformation, molecular medicine, artificial intelligence, and precision oncology, highlighting advances that are transforming modern healthcare.

Why Participate?

Attending this conference offers opportunities to:

- Connect with internationally recognized experts and researchers.
- Present your latest scientific findings.
- Explore emerging trends in pathology and cancer research.
- Participate in interactive workshops and technical sessions.
- Gain valuable CME/CPD certification.
- Build collaborations with clinicians, academicians, and industry professionals.
- Discover innovative technologies shaping the future of diagnostics.
- Enhance your professional profile through international exposure.
- Exchange ideas with global healthcare leaders.
- Experience Dubai's vibrant culture and world-class hospitality.

Call for Abstracts

Researchers, clinicians, students, and healthcare professionals are invited to submit original research papers, clinical case studies, and scientific posters.

Accepted abstracts will:

- Be presented during the conference.
- Be published in the official Conference Proceedings.
- Be considered for publication in the **Global Journal of Pathology & Laboratory Medicine (GJPLM)**.

Please note that the presenting author must complete conference registration to confirm acceptance into the final scientific program.

Major Scientific Sessions

The conference will cover a wide range of topics, including:

- General Pathology
- Digital Pathology
- Artificial Intelligence in Pathology
- Computational Pathology
- Cancer Biology and Oncology
- Molecular Pathology
- Surgical Pathology
- Histopathology
- Cytopathology
- Breast Pathology
- Dermatopathology
- Neuropathology
- Hematopathology
- Nephropathology
- Gastrointestinal and Liver Pathology
- Cardiovascular Pathology
- Pediatric and Perinatal Pathology
- Clinical and Chemical Pathology
- Forensic and Anatomical Pathology
- Ophthalmic Pathology
- Infectious Disease Pathology
- Immunopathology
- Electron Microscopy
- Renal and Uropathology
- Oral and Maxillofacial Pathology

- Experimental and Translational Pathology
- Emerging Diagnostic Technologies
- Precision Medicine in Cancer Care

Featured Speakers

Previous editions have welcomed renowned experts from leading institutions worldwide, including:

- Dr. Shahla Masood
- Dr. Ekaparna Hazarika
- Dr. Suhasini Krishnan
- Dr. Madina Jakhongirova
- Dr. Shraddha Krupa
- Dr. Neha Kamble
- Dr. Ahmed Yehia Sharab
- Dr. Mohammed Alharthi
- Dr. Mehrdad Mohammadi
- Dr. Nada Shamina
- Dr. Iskander Chaudhry
- Dr. Folinas Konstantinos
- Dr. Batool Ahmad
- Dr. Maria Putova

Why Dubai?

Dubai is one of the world's premier destinations for international conferences and scientific events. Its strategic location, modern infrastructure, excellent transportation network, and multicultural environment make it an ideal meeting place for professionals from every continent.

Visitors can also experience world-famous attractions, luxury hospitality, and rich cultural heritage during their stay.

Visa Support

International participants can take advantage of dedicated visa assistance provided by the conference organizers.

Registered Speakers, Poster Presenters, and Listeners will receive guidance throughout the UAE visa application process to ensure a convenient travel experience.

Official Conference Journal

Global Journal of Pathology & Laboratory Medicine (GJPLM)

Published by **Unified Citation Journals**, GJPLM is an international peer-reviewed journal dedicated to pathology, laboratory medicine, and related biomedical sciences.

The journal publishes:

- Original Research Articles
- Review Articles
- Case Reports
- Editorials
- Short Communications
- Conference Proceedings
- Clinical Studies

It serves as a valuable platform for disseminating scientific discoveries and advancing pathology research worldwide.

Who Should Attend?

The conference welcomes:

- Pathologists
- Oncologists
- Laboratory Directors
- Hospital Administrators
- Clinical Researchers
- Medical Scientists
- Surgeons

- Internal Medicine Specialists
- Molecular and Digital Pathologists
- Histopathologists
- Cytopathologists
- Dermatopathologists
- Neuropathologists
- Forensic Pathologists
- Laboratory Managers
- Medical Laboratory Technologists
- Professors and Academicians
- Medical Students
- Residents and Fellows
- Pharmaceutical and Biotechnology Professionals
- AI and Digital Health Experts
- Healthcare Policymakers
- Industry Innovators and Start-ups

Conference Information

Conference: 17th International Conference on Pathology, Digital Pathology & Cancer

Dates: February 01–02, 2027

Venue: Novotel Al Barsha, Dubai, UAE

Email: info-ucg@utilitarianconferences.com

Website: <https://pathology.ucgconferences.com/>

Submit Abstract: <https://pathology.ucgconferences.com/submit-abstract>

Registration: <https://pathology.ucgconferences.com/registration>

WhatsApp: <https://wa.me/+971551792927>

Be part of an inspiring international event where scientific innovation meets clinical excellence. Join experts from across the globe in shaping the future of pathology, digital diagnostics, and cancer research.
