

Delhi Water Expo 2026 to Showcase India's Largest Water Technology and Business Platform

20–22 August 2026 | Pragati Maidan, New Delhi

The poster features a dark blue background with a large, glowing blue water droplet in the top left corner. The main title 'DELHI WATER EXPO' is prominently displayed in the center, with 'DELHI' in white and 'WATER EXPO' in white text on a blue and orange background. To the right, a green vertical banner reads '5th EDITION'. Below the title, three green boxes contain the dates '20th', '21st', and '22nd'. To the right of these boxes, the text 'AUGUST 2026' is written in yellow, followed by 'ITPO, PRAGATI MAIDAN, NEW DELHI' in yellow. A large circular image in the center shows a hand holding a globe of the Earth, with water splashing over it. To the right of this image, a red circle contains the text 'BOOK NOW' in white, and below it, the website 'www.waterex.biz' is written in red. In the bottom left corner, there is a logo for 'DELHI WATER EXPO' with the text 'AN INTERNATIONAL EXHIBITION'. At the bottom, a dark blue banner contains the text 'MUST VISIT TO SEE PRODUCTS SERVICES CATERING TO INDUSTRIAL WATER & WASTEWATER MANAGEMENT' in white.

**MUST VISIT TO SEE PRODUCTS SERVICES CATERING TO INDUSTRIAL
WATER & WASTEWATER MANAGEMENT**

Delhi, India Jul 20, 2026 (Issuewire.com) - Water Today, in association with the **Indian Water Quality Association (IWQA)** and the **PHD Chamber of Commerce & Industry (PHDCCI)**, will host the **Delhi Water Expo 2026** from **20–22 August 2026** at **Pragati Maidan, New Delhi**. Recognised as one of India's leading business platforms for the water and wastewater sector, the three-day event will bring together policymakers, government authorities, industry leaders, utilities, consultants, technology

providers, researchers and end users to drive innovation, collaboration and sustainable water management.

The event is co-organised by **IWQA, PHDCCI, and Water Today**, bringing together the entire water ecosystem under one platform. The expo is further strengthened by the support of **TERI** as the **Knowledge Partner** and **SCI HUB** as the **Start-up Pavilion Partner**, creating a vibrant ecosystem for technology exchange, business networking, innovation and start-up engagement.

Delhi Water Expo 2026 is expected to feature **120+ exhibitors, 400+ product and technology displays**, and attract over **6,000 business visitors** from across India. The exhibition will showcase the latest innovations in water treatment, wastewater recycling, desalination, industrial process water systems, pumps, valves, membranes, filtration technologies, automation, digital water management, water quality monitoring and sustainable infrastructure solutions.

Designed as a focused B2B platform, the expo connects solution providers directly with **municipal and government water authorities, industrial end users, EPC contractors, consultants, OEMs, technology providers, infrastructure developers, institutional buyers and commercial water users**. The event offers exhibitors a unique opportunity to engage with key decision-makers responsible for water infrastructure, industrial operations and environmental compliance.

A major highlight of this edition is the expected participation of **government delegations and senior water utility officials from more than 10 Indian states**, providing exhibitors and visitors with direct access to policymakers, project authorities and public utilities. The expo is also expected to attract leading industrial buyers and technical professionals from sectors including **power, pharmaceuticals, food & beverage, textiles, chemicals, automotive, electronics, steel and manufacturing**, all actively investing in advanced water and wastewater management solutions.

Complementing the exhibition will be a series of conferences, technical sessions and panel discussions featuring experts from government, industry, academia and research institutions. These sessions will explore emerging policies, water quality, industrial sustainability, wastewater reuse, digital transformation and innovative technologies that are shaping the future of India's water sector.

Delhi Water Expo 2026 offers an ideal platform for launching new technologies, generating business leads, building strategic partnerships and sharing knowledge across the water value chain. By bringing together government, industry and technology providers, the event aims to accelerate sustainable water management and support India's growing investments in water infrastructure and environmental resilience.
