

Dr. Imor Okwaramoi, Brings Passion for Pharmacology and Patient Education to the Next Generation of Pharmacy

Emerging Iowa Pharmacist Combines Scientific Curiosity, Community Care, and a Commitment to Lifelong Learning to Improve Patient Outcomes

Urbandale, Iowa Jul 7, 2026 ([Issuewire.com](https://www.issuewire.com)) - Dr. Imor Okwaramoi, PharmD, is building a promising career in pharmacy by combining a deep fascination with pharmacology, a passion for patient

education, and an unwavering commitment to advancing healthcare. Based in the Des Moines, Iowa, area, Dr. Okwaramoi has quickly established himself as a knowledgeable and compassionate pharmacist dedicated to helping patients better understand their medications while pursuing innovation within the pharmaceutical field.

A graduate of Drake University, where he earned his Doctor of Pharmacy degree in May 2025, Dr. Okwaramoi previously completed his undergraduate studies at the University of Iowa. Originally from Khartoum, Sudan, he immigrated to the United States in 2000 and has achieved a milestone that holds special significance—becoming one of the first pharmacists from his home country. His journey reflects years of perseverance, dedication, and a desire to create opportunities for future generations.

Dr. Okwaramoi launched his pharmacy career with Walgreens in 2019 as a pharmacy technician. Through hard work and determination, he steadily advanced within the organization before earning his pharmacist licensure and transitioning into a full-time pharmacist role. His extensive experience in community pharmacy has strengthened his expertise in medication management, patient counseling, and clinical decision-making while reinforcing the importance of building trust with every individual he serves.

What sets Dr. Okwaramoi apart is his genuine enthusiasm for the science behind medications. Describing himself as “a nerd” when it comes to pharmacology, he enjoys studying how drugs interact with the human body and understanding the intricate mechanisms that influence patient health. Just as importantly, he takes pride in translating complex medical concepts into understandable language, empowering patients to make informed decisions about their treatment and increasing their confidence in following prescribed therapies.

Looking ahead, Dr. Okwaramoi hopes to specialize in nuclear medicine, a field that captured his interest during a clinical rotation. He envisions contributing to laboratory-based and investigational pharmaceutical research while continuing to expand his clinical expertise. Driven by intellectual curiosity and a lifelong commitment to learning, he remains focused on advancing both patient care and pharmaceutical science, ensuring his career continues to make a meaningful difference in the lives of others.
