

EHunt Launches Free Etsy Image to Video Generator to Help Sellers Create Listing Videos in Seconds

The new AI-powered tool enables Etsy sellers to transform product images into engaging videos in seconds—no editing skills or design experience required.

New York City, New York Jul 21, 2026 ([Issuewire.com](https://www.issuewire.com)) - EHunt, a leading one-stop platform for Etsy product research and operations, today announced the launch of its Free Etsy Image to Video Generator, an AI-powered tool that helps sellers instantly convert product images into eye-catching listing videos. The new feature is designed to simplify content creation and make video marketing accessible to every Etsy seller.

Highlight of EHunt

The highlight of this upgrade includes:

Free Etsy Image to Video Generator

[EHunt Etsy Image to Video Generator](#) enables sellers to create engaging product videos in just three steps. Users can upload and organize product images, customize videos with shop logos, styles, and aspect ratios, then preview and export the final video instantly. The tool helps Etsy sellers turn static images into dynamic marketing content, saving time on video creation while improving listing appeal, increasing click-through, and supporting better listing visibility through enhanced Etsy SEO

performance.

Revenue Metrics for Products and Shops

In addition to the Image to Video Generator, [EHunt](#) has also introduced new sales revenue metrics for products and shops, along with revenue-based filtering capabilities. This upgrade enables sellers to quickly identify top-performing products, evaluate competitor performance, and uncover more profitable opportunities through revenue-driven market analysis. By providing deeper business insights, EHunt helps Etsy sellers make smarter product research decisions and reduce guesswork when building and scaling their shops.
