

Evo Lawn & Landscape Opens Fall 2026 Lawn Aeration Scheduling for Lake County Homeowners

Residential core aeration appointments are now available in Gurnee, Libertyville, Lake Bluff, and Lake Forest, Illinois.

Waukegan, Illinois Jul 27, 2026 ([Issuewire.com](https://www.issuewire.com)) - Evo Lawn & Landscape Opens Fall 2026 Lawn Aeration Scheduling for Lake County Homeowners

Residential core aeration appointments are now available in Gurnee, Libertyville, Lake Bluff, and Lake Forest, Illinois.

Evo Lawn & Landscape has opened scheduling for its Fall 2026 residential lawn aeration season, serving homeowners in Gurnee, Libertyville, Lake Bluff, and Lake Forest, Illinois.

The company provides professional core aeration for residential lawns throughout its primary Lake County service area.

Core aeration removes small plugs of soil from the lawn, creating openings that can help relieve soil compaction and improve the movement of air, water, and nutrients into the soil around the turf root zone.

For homeowners, lawn aeration can be especially useful in areas where soil has become compacted

from regular foot traffic, mowing equipment, outdoor activity, or general use of the property.

“Fall aeration is one of those services where doing the job correctly matters more than simply running a machine across the lawn,” said Gerry, owner of Evo Lawn & Landscape. “I focus on residential properties in the communities I serve, and my goal is to give homeowners a straightforward, properly performed lawn aeration service before winter.”

Evo Lawn & Landscape uses core aeration rather than spike aeration, physically removing soil plugs from the lawn instead of simply creating holes in the surface.

Fall 2026 lawn aeration appointments are currently being scheduled for residential properties in **Gurnee, Libertyville, Lake Bluff, and Lake Forest.**

Scheduling is based on route availability, property conditions, and weather during the fall season.

Homeowners can learn more about **residential lawn aeration in Lake County, Illinois** and request service at:
