

From 1776 to 2026: How Dex System's Catalog Reflects America's Changing Narrative

A look at how storytelling itself has transformed alongside the nation it describes

New York City, New York Jul 1, 2026 ([IssueWire.com](https://www.issuewire.com)) - Two hundred fifty years after the Declaration of Independence, the way America tells its own story has changed as dramatically as the country itself. Dex System, the AI-powered publishing engine behind AM I AM, marks the milestone by spotlighting titles that trace threads of conflict, identity, and reinvention across generations.

Among the featured works, Ronald Bartholomew's ongoing "Good Ghost" series explores choice and consequence across shifting timelines, while Jack Wilson's globe-spanning thrillers examine geopolitical fault lines that have shaped the modern world. Garrison West's Choke Point continues that tradition of high-stakes storytelling rooted in real-world tension.

****Featured Titles:****

- All The Flowers In The Rainbow: The Lamentations Of Jonesy Cartwell — Ronald Bartholomew — <https://www.amazon.com/All-Flowers-Rainbow-Lamentations-Cartwell/dp/B0F7VD2KYN/>
