Canoga Park, California Jul 16, 2026 (IssueWire.com) - What happens when a struggling Hollywood actor, a high-stakes presidential campaign, and a deeply buried romantic secret collide in the ultimate political masquerade?

In his captivating political romance novel, ***Patricia and the President***, author **Joe W. Boyou Sr.** serves up a brilliant mix of high-stakes Washington politics, humor, and a touching story of reinvention.

When Senator Bill Sanders throws his hat into the ring for President of the United States, his old pal Patrick is watching from a completely different world. Patrick, a struggling and out-of-work Hollywood actor, is finding it nearly impossible to make ends meet. Desperate for a break, he reaches out to Bill looking for a job. Against his better judgment—and trying to navigate a complicated, secret history between them—Bill decides to throw his old friend a lifeline. Patrick is hired as the campaign's Chief-of-Staff.

The fast-paced campaign trail gets even more chaotic when it is time to take the Sanders children out of school to join the tour. Patrick is tasked with a vital mission: find the "perfect nanny." She needs to be someone willing to travel, help with schoolwork, and handle all the tedious nanny duties that the soon-to-be First Lady, Anita, simply refuses to touch.

Beyond the humor of the disguise, the book is anchored by a genuine emotional depth and a history of sacrifice between Patrick and Bill. Boyou Sr. crafts a narrative that bounces effortlessly from chaotic campaign buses to the quiet, tension-filled rooms of the White House.

If you love stories about second chances, political drama, and the lengths we go to for the people who matter most, *Patricia and the President* is a contemporary romance you won't want to miss.
