

Fusion Cars Crosses 5,000-Customer Mark in Delhi's Pre-Owned Luxury Segment

The Tilak Nagar-based dealership, founded in 2008 by the Malik brothers, has built its reputation on certified inspections, transparent paperwork and a portfolio spanning over 20 luxury brands, from BMW to Lamborghini.

New Delhi, Delhi Jul 2, 2026 (Issuewire.com) - Fusion Cars has delivered more than 5,000 pre-owned luxury vehicles to customers since opening its doors in Tilak Nagar in 2008, a milestone the dealership is marking as it continues to grow its inventory of certified, less-driven cars for the Delhi-NCR

market.

The dealership currently lists over 100 pre-owned models spanning more than 20 marques, including Mercedes-Benz, BMW, Audi, Porsche, Jaguar, Range Rover, Lamborghini, Bentley and Rolls-Royce, with prices ranging from under ₹5 lakh to more than ₹5 crore. Every car listed goes through a multi-point inspection before sale, and the company shares service history and ownership records with buyers as part of its standard disclosure process, an approach it credits for much of its growth in a segment where buyer trust is often the biggest hurdle.

"Buyer trust is the single biggest barrier in the pre-owned luxury segment, and closing that gap is what we've focused on since day one," Fusion Cars said in a statement. "Crossing 5,000 customers reflects that approach, and we intend to keep raising our inspection and disclosure standards as the collection grows."

Beyond vehicle sales, Fusion Cars runs a dedicated [car-buying service](#) that lets owners across Delhi-NCR submit their vehicle details online and receive an offer, with the company aiming to respond within 24 hours. The service positions Fusion Cars as a two-way marketplace rather than a traditional dealership, handling both acquisition and resale of pre-owned luxury vehicles.

Founded by the Malik brothers, Fusion Cars has been recognized with industry honors including the Global Iconic Awards and National Gratitude Awards for Best Pre-Owned Car Dealership in Delhi, and has previously been felicitated at events attended by public figures such as Parineeti Chopra, Sonali Bendre and Manoj Tiwari. The company has also been featured by regional and national outlets including Outlook, One India and The Tribune.

Fusion Cars' [showroom in Tilak Nagar](#) remains its primary point of sale, while its [online collection](#) lets buyers filter available cars by brand, body type and budget ahead of an in-person visit. The company says it plans to keep expanding its inspection standards and grow its stock of single-owner, low-mileage vehicles through the rest of 2026.

Customers can browse the current inventory or request a valuation for their own vehicle through the company's website. For media inquiries, Fusion Cars can be reached at +91 9999999681 or via its [contact page](#).

About Fusion Cars

Founded in 2008 and based in Tilak Nagar, New Delhi, Fusion Cars is a pre-owned luxury car dealership offering certified, less-driven vehicles from brands including Mercedes-Benz, BMW, Audi, Porsche, Jaguar, Land Rover and Lamborghini. The company has served more than 5,000 customers and operates both a sales showroom and a dedicated vehicle-buying service for individuals looking to sell.
