

GroomTax Services Expands Company Registration, GST, and Compliance Solutions to Support Businesses Across India

The Delhi-based Chartered Accountant firm strengthens its professional services to help startups, MSMEs, and growing businesses with hassle-free legal, tax, and regulatory compliance.

Accountant firm based in Delhi, has announced the expansion of its business registration and compliance services to help startups, MSMEs, foreign companies, and growing businesses meet their legal and regulatory requirements across India.

With the increasing number of entrepreneurs and businesses entering the Indian market, compliance with tax laws, GST regulations, company law, and RBI guidelines has become more important than ever. GroomTax Services aims to simplify these complex processes by offering professional guidance and end-to-end support for business registrations and statutory compliances.

The firm's expanded service portfolio includes Company Registration, GST Registration, Income Tax Return Filing, ROC Annual Compliance, LLP Registration, MSME Registration, Startup India Registration, Trademark Registration, Accounting & Bookkeeping, Audit & Assurance, FEMA & RBI Compliance, Liaison Office Registration, Branch Office Registration, and Project Office Registration.

According to the company, businesses often face delays and compliance risks because of changing regulations and documentation requirements. GroomTax Services has developed a structured and transparent process to ensure timely execution, proper documentation, and professional assistance throughout every stage of the compliance process.

"Our mission is to make business compliance simple, transparent, and hassle-free. We are committed to helping entrepreneurs and companies focus on business growth while we manage their legal, taxation, and regulatory responsibilities," said a spokesperson for GroomTax Services Pvt. Ltd.

The company also provides consultation for foreign businesses planning to establish their presence in India through Liaison Offices, Branch Offices, Project Offices, or Wholly Owned Subsidiaries while ensuring compliance with RBI and FEMA regulations.
