

Holdy's Synergy Group Announces Debut Single “Break Me Open,” Arriving August 4, 2026

The genre-blurring rock/pop track marks the first official release from the independent music collective as it begins its public rollout.

Phoenix, Arizona Jul 27, 2026 ([Issuewire.com](https://www.issuewire.com)) - Holdy's Synergy Group LLC, an independent music collective and creative company, is preparing to introduce its first official release, “Break Me Open,” arriving August 4, 2026.

Built around a raw rock/pop energy, “Break Me Open” represents the opening statement for H\$G as the collective begins bringing its developing catalog and creative vision to the public.

Rather than introducing the project through individual personalities, H\$G is positioning the music itself at the center of the story. “Break Me Open” serves as the first glimpse into a collective designed to move across genres, styles and creative disciplines without being confined to a single musical identity.

The upcoming single combines an emotionally charged vocal performance with an energetic, guitar-driven sound, giving the record a balance of vulnerability and attitude. The release reflects H\$G’s broader goal of creating music that feels immediate, expressive and unrestricted by traditional genre boundaries.

“Break Me Open” will be released worldwide on August 4, 2026, with additional music and creative projects from Holdy’s Synergy Group expected to follow.
