

IssueWire Launches Tier 2 Premium with Expanded U.S. Media Distribution Network

IssueWire has announced a new press release distribution package, Tier 2 Premium. It provides global clients with access to an expanded U.S. media distribution network.

The graphic features the IssueWire logo at the top left. A megaphone icon is next to the text "NEW PACKAGE ANNOUNCEMENT!" in large, bold, blue letters. Below this, a dark blue banner with a building icon and the text "700+ U.S. MEDIA OUTLETS" is displayed. A large, golden shield-shaped badge on the right side contains the text "TIER 2" and "PREMIUM" on a ribbon. Below the shield, five icons represent benefits: a globe for "PREMIUM U.S. NEWS NETWORKS", a shield for "HIGH AUTHORITY NEWS SITES", a speedometer for "FASTER PROCESSING", a magnifying glass for "SEO-FRIENDLY NETWORK", and a star for "ENHANCED BRAND CREDIBILITY". At the bottom, three icons represent "STRONGER REACH", "GREATER VISIBILITY", and "PREMIUM IMPACT".

New York City, New York Jul 2, 2026 ([IssueWire.com](https://www.issuewire.com)) - IssueWire has announced the launch of **Tier 2 Premium**. This new [press release distribution package](#) expands the company's **U.S. media distribution network**. Moreover, with **700+ media platforms**, this package is mainly designed for businesses, startups, agencies, entrepreneurs, and organizations seeking an expanded distribution network.

As both B2B and B2C digital services continue to grow, the demand for a broader press release distribution network has increased. In response, IssueWire's new Tier 2 Premium package expands its distribution channels by providing access to additional media outlets.

This recently announced Tier 2 Premium provides **exclusive PR reach**, allowing organizations to distribute their press releases through premium news networks. The **700+ media platforms** also include **Google, Yahoo, Bing, Google News, and Apple News**.

"Our clients are looking for wider media exposure and more comprehensive distribution options," said an IssueWire marketing executive. "Tier 2 Premium was developed to meet those expectations by expanding access to quality U.S. media platforms while delivering dependable support throughout the distribution process."

The **USA TV, Radio Distribution Network** and **U.S. Nationwide Distribution** are also offering additional opportunities for organizations to enhance the visibility of their announcements across multiple digital media channels.

In addition to an expanded distribution network, the service includes a comprehensive range of publishing features such as Google Index, Social Media Promotion, News Subscriber Distribution, permanent press release hosting, PDF press release reports, Google Display Network and digital magazine feature, podcast distribution to support press release distribution.

Additional information about its new service and its distribution capabilities is now available on the IssueWire website: <https://www.issuewire.com/signup/pricingdetails>.
