

Lime Media Wins Four 2026 Top Workplaces Culture Excellence Awards

Recognized as a Top Workplace for Innovation, Employee Appreciation, Professional Development, and Purpose & Values — honors determined entirely by employee feedback

Rockwall, Texas Jul 20, 2026 ([IssueWire.com](https://www.issuewire.com)) - Lime Media has announced that it is a 2026 Top Workplaces Culture Excellence winner, earning national recognition in four categories: Innovation, Employee Appreciation, Professional Development, and Purpose & Values.

Top Workplaces Culture Excellence awards recognize organizations that excel in specific areas of workplace culture. Innovation celebrates organizations that have embedded innovation into their culture and create an environment where new ideas come from all employees. Employee Appreciation honors organizations that demonstrate gratefulness for the efforts of employees, and where employees reciprocate by giving their best at work. Professional Development celebrates organizations that focus on developing employees' careers and enabling them to grow professionally. And Purpose & Values recognizes organizations that have successfully communicated their company mission and integrated

those aspirations into the culture.

Unlike many workplace honors, the awards carry no subjective judging — every category win comes directly from what Lime Media's own employees said about their experience working there, gathered through the Energage Workplace Survey.

"This recognition is so meaningful because it comes directly from our people," said Heath Hill, CEO and Founder of Lime Media. "I built this company on the belief that our business exists to serve others: our clients, our community, and the people who show up each day to make it all come together. Four wins tells us that belief is being felt on the ground, not just written down in a mission statement."

The four categories reflect different sides of the same culture at Lime. Innovation shows up in how teams are encouraged to challenge the way things have always been done. Employee Appreciation and Purpose & Values point to a workplace where people feel valued and connected to something bigger than a paycheck, but Lime Media's mission to serve — reinforced by programs like Lime's 10X Best Life Project, which reimburses employees for everything from leadership retreats to mission trips to assistance with first-time home purchases. Professional Development reflects Lime's ongoing investment in growing its people, not just its fleet.

"Earning a Top Workplaces award is a badge of honor for companies, especially because it comes authentically from their employees," said Eric Rubino, Energage CEO. "That's something to be proud of. In today's market, leaders must ensure they're allowing employees to have a voice and be heard. That's paramount. Top Workplaces do this, and it pays dividends."

Lime's trucks move brands. Culture moves Lime.
