

Maitland Animal Hospital Expands Exotic Pet Care Services With Dr. Hannah Barber in Maitland, FL

Maitland Animal Hospital now offers specialized exotic pet care for birds and pocket pets, led by Dr. Hannah Barber, DVM, serving Maitland and surrounding Central Florida communities.

Orlando, Florida Jul 1, 2026 ([IssueWire.com](https://www.issuewire.com)) - Maitland Animal Hospital, a trusted veterinary provider serving Central Florida for over 20 years, is proud to highlight its growing exotic pet care services under the dedicated expertise of Dr. Hannah Barber. As the demand for specialized care for non-traditional companion animals continues to rise across the region, the hospital is meeting that need

with tailored medical attention for birds, rabbits, guinea pigs, hamsters, ferrets, rats, mice, and other small exotic species.

Exotic pets present unique health challenges that differ significantly from those of dogs and cats. Recognizing this, Maitland Animal Hospital has developed a comprehensive exotic care program that includes wellness and husbandry consultations, routine health examinations, sick visits, and minor surgical procedures. Each visit is designed around the specific physiological and environmental needs of the animal, from dietary guidance and habitat recommendations to early disease detection and treatment planning.

Dr. Hannah Barber, the clinic's lead exotic pet veterinarian, brings focused knowledge and compassionate care to every exotic patient she treats. Our goal is to ensure that every bird, rabbit, or pocket pet that comes through our doors leaves healthier and that their owner feels confident and supported in caring for them.

Maitland Animal Hospital has served the Maitland community and surrounding areas, including Orlando, Winter Park, Altamonte Springs, and Casselberry, with a full spectrum of veterinary services. The exotic pet program reflects the hospital's broader commitment to serving all pet owners in Central Florida, regardless of the species in their care.

Pet owners interested in scheduling an exotic pet appointment with Dr. Barber or learning more about Maitland Animal Hospital's services can call (407) 645-1970 or visit <https://www.orlandovets.com/orlando-avenue-maitland/dr-hannah-barber/> to learn more.
