

More From Oakhaven: Dex System Publishing's Fantasy Picks for Long Summer Nights

Atmospheric fantasy world-building for readers who liked the dragon-fantasy line.

Los Angeles, California Jul 30, 2026 ([IssueWire.com](https://www.issuewire.com)) - Following up on its dragon-fantasy feature earlier in the month, Dex System Publishing is going deeper into the Oakhaven and Elaraeon universe with a new fantasy grouping built for long summer nights — the kind that get noticeably longer once the Fourth of July has passed and daylight starts to shift.

Garth Toxo appears twice in this lineup, with *Soot and Sapphire* and *The Soot of Oakhaven*, joined by *The Elaraeon*, also from Toxo, and *The Forgotten Enclave* by Lyle Davenport. The four titles together deepen the world introduced in the earlier *Dragon Beast* and *Oakhaven* features.

"Garth Toxo has built out this world in a way that rewards readers who come back for more," a Dex System spokesperson said. "This feature is really for the readers who finished the first *Oakhaven* title and immediately wanted to know what else was out there."

Readers who enjoyed the *Dragon Beast* and *Oakhaven* titles from earlier in the campaign will find this a natural next stop, and Garth Toxo's double appearance on this list makes him a strong candidate for a follow-up author spotlight.

The feature is angled toward fantasy-genre outlets and world-building-focused readers who care less about a single plot and more about the coherence of the setting across multiple books and authors.
