His comprehensive inspections cover major areas of a home, including roofing, structural elements, foundations, electrical systems, plumbing, HVAC systems, and more.

In addition to standard home inspections, Philip provides specialized services including radon testing, water testing, pest and termite inspections, and new construction inspections. By offering flexible inspection packages and detailed, easy-to-understand reports, he helps clients identify current conditions, potential concerns, and important maintenance considerations before making significant real estate decisions.

Philip's approach is built around education and transparency. Rather than simply identifying issues, he takes the time to explain findings and provide clients with the knowledge they need to understand their property. His goal is to make the inspection process straightforward and informative for homeowners, buyers, and sellers alike.

Philip studied General Studies at Kalamazoo Valley Community College and brings a detail-oriented mindset to every inspection he performs. His commitment to professionalism, reliability, and thorough evaluations has helped establish True Scope Inspections as a trusted resource for residential inspection services throughout Marshall, Battle Creek, Jackson, Kalamazoo, Lansing, and surrounding areas.
