

Sharon Namazi, MS, DDS: Compassionate Endodontist Advancing Specialized Patient Care at Sonoma Dental Group

University of Michigan-Trained Endodontist Combines Advanced Clinical Expertise, Teaching Experience, and Patient-Centered Care to Preserve Natural Teeth and Relieve Dental Pain

Fenton, Michigan Jul 22, 2026 ([Issuewire.com](https://www.Issuewire.com)) - Sharon Namazi, DDS, MS, has built her career around one mission: helping patients overcome dental pain while preserving their natural teeth through compassionate, evidence-based endodontic care. Inspired by a painful childhood dental emergency, Dr. Namazi has transformed a deeply personal experience into a lifelong commitment to restoring comfort,

confidence, and oral health for patients of all ages.

Dr. Namazi earned her Doctor of Dental Surgery (DDS) degree from Ajman University of Science and Technology in the United Arab Emirates before moving to the United States to pursue advanced education and specialty training. She subsequently completed a Postdoctoral Fellowship in Prosthodontics and earned a Master of Science degree in Oral Health Sciences at the University of Michigan before beginning her specialty training.

In 2025, Dr. Namazi completed her Endodontics residency at the University of Michigan, where she earned both a specialty certificate and a Master of Science degree in Endodontics.

“I love performing root canal therapy and saving natural teeth. While it can be challenging, it’s incredibly rewarding work,” said Dr. Namazi.

Dr. Namazi specializes in diagnosing and treating conditions involving dental pain and pulpal disease through procedures including root canal therapy, nonsurgical retreatment, endodontic microsurgery, vital pulp therapy, regenerative endodontic procedures, and advanced pain management. Her diverse educational and clinical background provides a strong foundation for managing complex endodontic cases using the latest evidence-based techniques and technologies. She is committed to preserving natural teeth whenever possible while ensuring each patient receives personalized, compassionate care in a comfortable environment.

In addition to her clinical practice, Dr. Namazi is passionate about education and mentorship. She spent nearly three years teaching anatomy to dental and medical students and residents at the University of Michigan, where she contributed to the education of future healthcare professionals while developing expertise in interdisciplinary collaboration and evidence-based patient care. Her academic experience continues to shape her clinical approach by emphasizing precision, critical thinking, and lifelong learning. She also looks forward to mentoring and contributing to the education of future endodontists throughout her career.

Dr. Namazi currently practices at Sonoma Dental Group in Michigan, where she provides comprehensive endodontic care with a focus on clinical excellence, efficiency, and patient comfort.

An active member of the American Association of Endodontists, the Michigan Association of Endodontists, the American Dental Association, and the Michigan Dental Association, Dr. Namazi remains committed to advancing the specialty through continuing education, research, collaboration, and clinical excellence.

Through advanced clinical expertise, academic excellence, and compassionate, evidence-based care, Dr. Sharon Namazi is dedicated to improving patients’ oral health and quality of life—one patient, one smile, and one successful treatment at a time.
