Ar-Riyad, Saudi Arabia Jul 16, 2026 ([IssueWire.com](https://www.issuewire.com)) - As football fans across the Kingdom prepare for the FIFA World Cup Final 2026 between Spain and Argentina on Sunday, 19 July at 10:00 PM Riyadh time, luxury classifieds platform Millionaire.ad has published a ranked guide to the ten best lounges in Riyadh to watch the match.

Unlike typical "best of" lists, the ranking is built entirely on data: lounges are ordered by the number of verified Google reviews each venue has earned, from Mazaj Lounge with more than 5,000 reviews to boutique favourite Q Lounge, which holds a 4.9-star rating. The platform says it accepts no payment for placement in its rankings.

"A World Cup final between Spain and Argentina is the kind of night people remember for decades, and Riyadh's lounge scene has never been better prepared for it," said a Millionaire.ad spokesperson. "We ranked venues by real customer reviews because thousands of visitors are a better judge than any editor."

The full list spans the city's most popular districts, from rooftop venues with skyline views to established neighbourhood lounges, and each entry connects readers directly to the venue via WhatsApp to confirm match screenings and reserve tables — with no booking fees.
