

Urologist Dr. Alan Keith Miller, MD, FACS: Three Decades Of Leadership And Innovation In Urology

Board-Certified Urologist Recognized for Advancing Patient-Centered Care, Clinical Research, and Surgical Leadership Across Florida and Beyond

Bradenton, Florida Jul 10, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Dr. Alan Keith Miller, a board-certified urologist with more than thirty years of experience, continues to be a leading figure in urologic medicine in Florida. Known for his clinical expertise, military medical leadership, and commitment to advancing research-driven care, Dr. Miller has built a distinguished career centered on innovation, education, and patient-

focused treatment.

Currently practicing with Urology Partners of Manatee, Dr. Miller provides comprehensive diagnosis and treatment for a wide spectrum of urologic conditions. His practice emphasizes individualized, evidence-based care supported by advanced technologies and modern surgical techniques. Patients benefit from his extensive experience in both complex surgical procedures and long-term disease management, reflecting his dedication to improving outcomes and quality of life.

A Diplomate of the American Board of Urology and Fellow of the American College of Surgeons, Dr. Miller is widely respected for his clinical precision and leadership in surgical care. He has held numerous leadership roles within his practice since 2003 and has been instrumental in guiding its growth and commitment to excellence in urologic services throughout the region.

In addition to his clinical responsibilities, Dr. Miller serves as an Assistant Clinical Instructor of Urology at the Lake Erie College of Medicine, where he contributes to the education and mentorship of future physicians. He has also served as a proctor for prostate cryosurgery, further underscoring his role in advancing minimally invasive and innovative treatment approaches in urology.

From 2010 to 2025, Dr. Miller founded and led the Manatee Medical Research Institute as President and Principal Investigator. Through this initiative, he spearheaded multiple clinical research efforts aimed at advancing urologic science and improving patient care methodologies. His work in research has contributed to the broader understanding of treatment techniques and has helped bring evidence-based innovations into clinical practice.

Dr. Miller's career is also defined by significant leadership within hospital systems and medical organizations. He has served in key administrative and surgical leadership roles, including Chief of Staff, Vice Chief of Staff, Treasurer, and Chief of Surgery at Manatee Memorial Hospital, as well as Chief of Surgery at Lakewood Ranch Medical Center. These positions reflect his trusted role in shaping clinical operations, hospital governance, and surgical standards of care.

His professional involvement extends across numerous respected organizations, including the American Urological Association, American College of Surgeons, Florida Urological Society, Florida Medical Association, and the Manatee County Medical Society, where he served as President from 2022 to 2024. He has also held board and leadership positions in several regional and state medical organizations, demonstrating a longstanding commitment to advancing the field of urology at both local and national levels.

Dr. Miller earned his Bachelor of Arts from Haverford College before obtaining his Doctor of Medicine from the University of Pittsburgh School of Medicine. He completed his general surgery internship at the National Naval Medical Center in Bethesda, followed by a urology residency at the Naval Medical Center San Diego. Prior to entering private practice, he served with distinction in the United States Navy, where he held multiple leadership positions, including Chief of Urology at several naval hospitals, Chief of Staff at Naval Hospital Roosevelt Roads, and Chief Medical Officer for the 3rd Marine Expeditionary Force in the Republic of the Philippines.

In addition to his clinical and leadership achievements, Dr. Miller has contributed to peer-reviewed medical literature and clinical research. His publications span a range of urologic topics, including surgical outcomes, pediatric urology, and innovative diagnostic and therapeutic techniques. His work has been featured in respected journals such as the *Journal of Urology* and *Urology*, as well as in presentations at major scientific meetings.

Dr. Miller is licensed to practice medicine in Florida, Michigan, and South Carolina. Over the course of his career, he has earned numerous honors and recognitions, including designation as an ACS Fellow in 2017 and repeated listings in Sarasota Magazine's "Top Doctors" from 2012 through 2020. He has also been recognized for excellence in electronic health record implementation under CMS initiatives, reflecting his commitment to modernizing healthcare delivery.

Beyond his professional accomplishments, Dr. Miller remains deeply committed to mentorship, medical education, and philanthropy. His leadership in research institutes, clinical instruction, and military medical service reflects a career dedicated not only to patient care but also to the advancement of medicine as a whole.

As he continues his work in urology, Dr. Miller's legacy is defined by a rare combination of clinical excellence, academic contribution, and leadership across multiple domains of healthcare. His ongoing dedication ensures that patients, colleagues, and future physicians alike continue to benefit from his expertise and vision.
