

Voices of the States: Dex System Celebrates Regional Storytelling Ahead of America's 250th

This release highlights titles with sweeping, cross-regional scope

New Rochelle, New York Jul 1, 2026 ([IssueWire.com](https://www.IssueWire.com)) - America's story has never been told from just one place. Dex System's ninth Semiquincentennial release celebrates the regional and cross-continental scope found across its catalog, closing out Brent Newman's Practical Mysticism series alongside Blake Edwards' cosmic-scale storytelling.

Practical Mysticism IV through VI complete Newman's philosophical journey, while Quade's Cosmos: A Journey Beyond Worlds extends the "voices of the states" theme into the furthest reaches of imagined geography.
