

Westchester Leader Biagio Maffettone Celebrated for Lifelong Community Impact and Youth Coaching

Meadowbrook Financial VP, Scarsdale father, and youth athletics coach achieves American Red Cross milestone and funds annual local student-athlete scholarship.

Eastchester, New York Jul 7, 2026 ([IssueWire.com](http://www.IssueWire.com)) - While many throughout the New York

metropolitan area recognize Biagio P. Maffettone (NMLS #409994) as a veteran mortgage loan originator and the Vice President of Sales at Meadowbrook Financial Mortgage Bankers Corp, local families know him best as a dedicated youth sports coach, philanthropist, and passionate community advocate . For over two decades, Maffettone has balanced his career in residential real estate finance with a deep personal commitment to mentoring children and supporting vital community organizations across the Scarsdale, Eastchester, and greater Westchester County regions .

As a proud first-generation Italian-American, Maffettone's dedication to community service is deeply rooted in his personal family heritage. Growing up in Westchester, he faced the early challenge of entering the local public school system without speaking a word of English. Rather than allowing this obstacle to deter him, he developed what he describes as a "silent dialect" centered on deep listening, acute observation, and active empathy . These fundamental traits eventually became the cornerstone of his professional mortgage advisory practice and his personal life . Maffettone later went on to graduate magna cum laude from Boston College before earning his Master of Business Administration (MBA) in Finance and Investments from the Zicklin School of Business at Baruch College.

Today, his commitment to developing the next generation of local leaders is highly visible on Westchester's athletic fields . Maffettone currently serves as a [volunteer baseball coach](#) for three different Eastchester Little League teams, helping young athletes build self-confidence, athletic skill, and team unity. His dedication to youth sports also extends to the gridiron, where he coaches two youth flag football teams in the Under Armour Westchester County 'Under The Lights' League. Across all his coaching endeavors, Maffettone emphasizes that the true measure of sports lies in building resilience, mutual respect, and long-term character rather than simply focusing on the scoreboard .

Furthering this commitment to supporting regional youth, Maffettone and his wife fund an annual academic-athletic scholarship through the Eastchester Eagles Sports Club. This scholarship is awarded each year to a graduating Eastchester High School senior who has demonstrated exceptional performance both on the playing field and in the classroom . By investing directly in the education of local students, the Maffettone family seeks to ease the financial transition into higher education and promote a lasting tradition of excellence and community service among local student-athletes .

In addition to coaching and scholarship funding, Maffettone's quiet dedication to serving others is demonstrated through critical, life-saving volunteer efforts. He was recently honored with a digital milestone badge by the American Red Cross in recognition of reaching a remarkable achievement: donating his first full gallon of blood, representing eight separate lifetime blood donations . These contributions have directly helped save lives and support emergency medical services across New York State.

These core values of consistency, quiet discipline, and community impact are also central themes in Maffettone's newly released debut book, *The First to Rise* . The memoir-style handbook draws on his upbringing and professional journey to inspire readers to navigate personal setbacks, embrace self-belief, and approach major life decisions with clarity and resilience. Additional resources and educational guidebooks related to his literary work can be accessed on his official book platform at thefirsttorise.com.

In his professional practice, Maffettone's customer-first philosophy has earned him a 14-year consecutive streak as a Westchester Five Star Mortgage Professional, alongside prestigious corporate honors including the President's Club and the #1 Customer Service Award. Over his twenty-year career in mortgage banking, he has helped thousands of families secure dependable home financing, specializing in solutions ranging from conventional financing and first-time homebuyer programs to

complex jumbo loans, co-op/condo financing, and commercial real estate loans.
