

America's Best in Medicine Profiles Dennis E. Choat, MD, FACS, FASCRS: Advancing Colorectal Care in Georgia

Board-Certified, Fellowship-Trained Specialist Brings More Than 30 Years of Expertise to Minimally Invasive and Robotic Surgery

Fayetteville, Georgia Aug 24, 2026 ([IssueWire.com](https://www.issuewire.com)) - Dennis E. Choat, MD, FACS, FASCRS, is a distinguished Colon and Rectal Surgeon serving patients at City of Hope Cancer Center in Newnan, Georgia. With more than three decades of experience in colorectal surgery and cancer care, Dr. Choat is recognized for his comprehensive expertise and commitment to delivering advanced, patient-centered surgical care.

Board-certified and fellowship-trained, Dr. Choat specializes in colon and rectal surgery, with particular expertise in innovative minimally invasive and robotic procedures. His approach focuses on providing patients with advanced treatment options while helping minimize side effects, support recovery, and protect quality of life.

Dr. Choat earned his Medical Degree from the University of Alabama School of Medicine before completing his general surgery residency at Georgia Baptist Medical Center. He subsequently pursued fellowship training at Ochsner Foundation Hospital, establishing a strong foundation in specialized colorectal surgery. Throughout his career, he has also taken on numerous leadership responsibilities, contributing to the advancement of surgical care and professional standards.

Licensed to practice medicine in Georgia and Florida, Dr. Choat is a Diplomate of both the American Board of Colon and Rectal Surgery and the American Board of Surgery. His professional credentials also include Fellow of the American College of Surgeons (FACS) and Fellow of the American Society of Colon and Rectal Surgeons (FASCRS).

Through his extensive training, experience, and dedicated focus on colon and rectal health, Dr. Choat continues to provide specialized surgical care to patients seeking experienced expertise in colorectal conditions and cancer treatment. His commitment to incorporating modern surgical techniques reflects his ongoing dedication to improving outcomes and supporting patients throughout their treatment journeys.
