

Christian Krauter Fuses Psychedelic Rock with Indie Essence in Latest Song 'stay close'

It is time for fans to groove with Christian Krauter as the Queensland DJ has come up with a brand new song called 'stay close', offering a taste of indie psychedelic rock.

Brisbane, Aug 6, 2026 ([Issuewire.com](https://www.issuewire.com)) - Independent music producer and DJ, **Christian Krauter**, is best known for his experimental compositions, and the artist never ceases to surprise his fans. He has recently launched a brand new track called '[stay close](#)' which is currently buzzing among the listeners. The song is creatively crafted with a blend of indie elements with '70s psychedelic rock that sounds quite groovy and enjoyable. What makes it catchier is the clever use of dubstep that enhances the energetic mood without making it overwhelming. The song is more than 9 minutes and a half, yet listeners would feel hooked till the end. This newest addition to Krauter's arsenal expands his musical journey with another masterpiece.

Being a talented [Queensland DJ](#), Krauter is well known in the clubs of Australia and at electronic events where his music can make the crowd go crazy. The artist is living an adventurous life, and his exotic experiences can be felt through his songs. Previously, he has dropped many singles and mixtapes that reflected his creativity, which comes with consistency. Some of his tantalizing creative works are 'reset the rules', 'shadows of neon', 'red moon', 'the fruit was sweet', etc to name some. With his streak of musical releases, he is ready to drop more amazing tracks in the coming days.

The latest song '**stay close**' has a creative musical approach that bridges the gap between '70s psychedelic rock and modern indie rock to provide a composition that sounds fresh yet familiar at the

same time. To enjoy this song and other musical creations by **Christian Krauter**, follow the artist on **SoundCloud**, **Spotify**, **Apple Music**, and his official **website**. He is also available on [Facebook](#) and [Instagram](#).
