

CJ Westcoast sets the tone for his next chapter with “south france,” produced by Metro boomin

St. Louis Artist CJ Westcoast Delivers a Cinematic New Sound With “South France,” The Opening Statement From His Latest Album South of France

St. Louis, Missouri Aug 5, 2026 (IssueWire.com) - CJ Westcoast is officially stepping into a new chapter with the release of “South France,” the standout title track from his highly anticipated album South of France. The record represents a major moment in CJ Westcoast’s artistic evolution, combining his signature style, elevated lifestyle themes, and cinematic approach to music.

Produced by acclaimed hitmaker Metro Boomin, “South France” brings together two creative forces with a shared vision for pushing hip-hop forward. Known for his innovative production style and work with some of the biggest names in music, Metro Boomin has become one of the most influential producers of this generation, creating a sound that has helped define modern rap. With “South France,” CJ Westcoast paints a vivid picture of ambition, success, and the journey from where he started to where he is headed. The track captures the energy of luxury, international influence, and the mindset of an artist chasing bigger goals while staying connected to his roots.

The song serves as the introduction to South of France, a project that showcases CJ Westcoast’s growth as an artist and his ability to blend memorable melodies, hard-hitting production, and a unique lifestyle-driven perspective. The album continues to build on his growing catalog, following previous releases including Too Rich To Cry and other singles from his expanding discography. ([Amazon Music](#))

“South France” is more than just a song — it is the beginning of a new era for CJ Westcoast. With a high-profile production collaboration and a global sound, the record sets the tone for what fans can expect from the South of France album.

CJ Westcoast continues to represent his St. Louis roots while creating music with worldwide ambition, bringing his vision, energy, and story to listeners everywhere.
