

## **Dennis Auto Details Simplifies Mobile Detailing Lineup Into Three Service Categories for San Diego County**

**San Diego, California Aug 16, 2026** ([Issuewire.com](https://www.issuewire.com)) - Dennis Auto Details, a mobile auto detailing company from [Escondido](https://www.issuewire.com) serving San Diego County, announced a redesigned package lineup built around three core categories: Full Detail, Exterior Detail, and Interior Detail. Each category offers three tiers, giving customers a clearer way to match service level to their vehicle's needs and budget.

Full Detail covers interior and exterior care in one visit, starting at \$249 and reaching \$569 for the Luxury tier. Exterior Detail focuses on paint, wheels, and glass, starting at \$159 for Wash & Wax service and reaching \$349 for Luxury Exterior, which adds iron decontamination and a one-year ceramic wax sealant. Interior Detail targets cabin cleaning, starting at \$189 for Standard service and reaching \$329 for Luxury Interior with seat shampoo and extraction.

"We heard from customers that picking between four package names took more thought than it should," said Dennis, owner of Dennis Auto Details. "Splitting everything into Full, Exterior, and Interior makes the choice simple. From there, customers just pick the tier that matches how much care their vehicle needs."

The new lineup still accounts for San Diego's tough conditions on paint. Strong UV exposure and coastal salt air wear down unprotected surfaces fast, while inland neighborhoods add dust and hard water to the mix. Every exterior and full detail tier includes wax or ceramic wax protection built for those conditions.

All service happens through the company's mobile model. A certified detailer drives a fully equipped van to the customer's home, office, or any location in San Diego County, so there is no drop-off wait and no drive time. Dennis Auto Details now holds a 5.0-star rating across 350+ Google reviews. One recent reviewer described a truck and camper washed and waxed after a long road trip, with both looking new again afterward.

Every package comes backed by a 100% satisfaction guarantee, and customers can add ceramic coating, paint correction, or other specialty services to any visit.
