

From Coral Reefs to Real Snow- Mysuru's Underwater Zone and Snow Palace Offer a Two-in-One Visit

Lokaranjan Aqua World Underwater Zoo and Snow Palace Mysore offer walk-through marine tunnels and indoor snow play with joint booking options

Mysore, Karnataka Aug 22, 2026 ([issuewire.com](https://www.issuewire.com)) - Lokaranjan Aqua World Underwater Zoo and the adjoining Snow Palace Mysore let visitors walk through a marine tunnel and play in real snow on the same afternoon, with tickets for both attractions bookable together.

Two adjoining attractions on Lokaranjan Mahal Road, next to Mysuru Zoo, are giving the city an unusual pairing: a walk-through aquarium and an indoor snow park, open daily and bookable on a single visit. Lokaranjan Aqua World Underwater Zoo and Snow Palace Mysore — also known as Snow City Mysore — sit side by side, letting visitors move from a tunnel surrounded by marine life to a sub-zero snow arena without leaving the block.

Inside Underwater Zone, visitors walk through a glass-sided tunnel that wraps around them with a 360-degree view of marine life, from clownfish and stingrays to a wider mix of species set among reef-style tanks built to resemble natural coral habitats. Beyond the walk-through, the aquarium runs hands-on fish-feeding sessions where visitors can watch — and take part in — feeding time up close, a detail that keeps school groups and younger visitors coming back. Positioned as a family- and school-friendly **attraction next to Mysuru Zoo**, the aquarium has become a regular stop on **Mysuru itineraries**

alongside better-known sights such as Mysuru Palace, and is frequently listed by travel sites and visitor reviews among the city's must-see spots.

Next door, Snow Palace Mysore spans about 10,000 square feet inside a snow-filled dome that rises nearly 41 feet, with temperatures held below -6° C so that snow made from purified, distilled water stays on the ground. Visitors move through hourly sessions that pair 15 minutes to change into cold-weather gear with 45 minutes of snowball play, slides, an igloo photo spot and snow-bike rides. Sessions run from 10 a.m. to 8 p.m. daily, with an added 8-to-9-p.m. slot on weekends and public holidays.

Snow Palace entry is priced at ₹450 on weekdays and ₹550 on weekends, whereas, Aquarium entry price at ₹299 on weekdays and ₹350 on weekends and public holidays,. The venues also run seasonal combo offers on top of standard pricing — buy 2, get 1 free or buy 3, get 1 free during regular periods, stepping up to buy 1, get 1 free during major holidays. Visitors can book tickets online, check current combo offers and reserve a same-day slot through the **Underwater Zone website** ahead of their visit.

What sets the pairing apart, according to the venues, is that visitors no longer have to choose between the two or plan separate trips — aquarium and snow park tickets can be booked together through the Underwater Zone website. The combination has also drawn interest from birthday parties, school trips and small product launches looking for a backdrop outside the usual function hall.

Both attractions are open every day of the week. Aquarium tickets, hours and gallery information are available at [Underwater Zone](#); Snow Palace's session timings, pricing and combo booking are listed at [Snow Palace Mysore](#). Both venues sit on Zoo Garden Road / Lokaranjan Mahal Road, Mysuru, Karnataka 570010, a short walk from Mysuru Zoo.

The **secret and hidden part is the seasonal offers**, where visitors can get **family and group deals of up to 50%** during selected periods. Underwater Zone (Lokaranjan Aqua World Underwater Zoo) is a walk-through aquarium in Mysuru featuring an underwater tunnel and a range of marine species. Snow Palace Mysore, also known as Snow City Mysore, is an indoor snow park designed for year-round visits.

Visitors can choose individual or combined tickets for families, tourists, school groups and private events. **Underwater Zoo Mysore tickets, Snow Palace Mysore tickets, and family combo tickets in Mysore** are available, with seasonal offers providing savings for families and groups.
