

Ideal Garage Doors Donates \$5,000 to City Missions in Plano

After the local community participated in nominating this worthy cause, Ideal Garage Doors has donated \$5,000 to City Missions.

Dallas, Texas Aug 27, 2026 (Issuewire.com) - Celebrating their 15th year in business, Ideal Garage Doors gave the community a chance to nominate their favorite local charity to help determine the recipient of the gift.

Nominations took place over several weeks in August. Hundreds of people chimed in on their chosen non-profit. This was an opportunity to shine a light on all the great work being done to help others in need. There were numerous worthy organizations nominated for helping the DFW community.

City Missions was the chosen recipient. The organization walks alongside those who are experiencing homelessness. They provide immediate needs such as socks, clothing, and hygiene kits through their Rock the Socks program. They also have a mobile closet and do food distribution.

Just as importantly, City Missions seeks to build relationships with the homeless people they encounter in order to help them feel valued.

Finally, City Missions creates pathways to housing by connecting people with trusted partners for shelter, medical care, and other needs.

More than just donating \$5000, Patrick Johnson, the owner of Ideal Garage Doors, says, “I hope more than anything it opened up the eyes to everyone about all the awesome local non profits that we have in our area and I challenge everyone to get more involved.”

Johnson hopes that this event will encourage many others to get involved through volunteering, donating money, or just spreading the word.

Ideal Garage Doors has been operating as a small, family owned business mainly because of a commitment to the community, and a community that supports the business.

Ideal Garage Doors is a full service garage door company. They provide everything from garage door maintenance to garage spring repairs and garage openers, to completely new garage door installations. In addition to residential garage doors, they also work on commercial doors.
