

La Del Beauty Brings Korean-Inspired Skincare Solutions Designed for Indian Skin

New Delhi, India — La Del Beauty, a Korean-inspired skincare

La Dél
skincare

Greater Noida, Uttar Pradesh Sep 3, 2026 ([IssueWire.com](https://www.issuewire.com)) - Beauty brand focused on the needs of Indian skin, is building a modern skincare range designed to address everyday concerns including acne, pimples, pigmentation, excess oil, dryness, dehydration, uneven skin tone, sun exposure and skin-barrier care.

The brand combines Korean-inspired skincare rituals with carefully selected skincare ingredients and practical daily-use formulations, helping consumers create simple and targeted skincare routines at home. La Del Beauty's product portfolio includes face washes, serums, moisturizers, sunscreens and curated skincare combinations.

Skincare Designed Around Real Skin Concerns

[La Del Beauty](#) organizes its skincare offerings around common concerns faced by consumers, including **acne and pimples, pigmentation, sun protection, barrier repair, dryness and oil control**. This concern-focused approach allows customers to select products according to their individual skincare requirements rather than following a one-size-fits-all routine.

The brand's range includes a **2% Salicylic Acid Face Wash** designed for acne-prone and oily skin, a **10% Niacinamide Serum with Rice Water and Zinc PCA** focused on excess oil, visible pores, post-acne marks and uneven tone, along with a **Barrier Repair & Hydrating Face Wash** intended for dry, sensitive, dehydrated and barrier-stressed skin.

Ingredient-Focused Beauty Solutions

Ingredients are an important part of La Del Beauty's product philosophy. The website highlights ingredients including **Ceramide, Vitamin C, Centella, Niacinamide, Salicylic Acid, Azelaic Acid, Zinc PCA, Green Tea Extract, Ginseng, Squalane and Shea Butter**.

These ingredients are positioned around specific skincare benefits such as supporting the skin barrier, brightening the appearance of skin, calming irritation, controlling excess oil, helping unclog pores, supporting the appearance of acne marks and providing hydration.

Complete Skincare Routines and Combos

Alongside individual products, La Del Beauty offers curated skincare combinations designed to simplify daily routines. Its range includes options such as **Acne Control Duo, Brighten & Protect Duo, Cleanse & Brighten Duo, Daily Defence Duo, Glow Boost Duo, Hydrate & Protect Duo, Acne Control Routine, Hydration & Barrier Repair Routine and Complete Daily Skincare Routine**.

The brand also features sunscreen, including an **SPF 50 PA++++ sunscreen with Ceramides and Vitamin C**, as well as a **Ceramide & Ginseng Moisturiser** focused on hydration and skin-barrier support.

Korean-Inspired Approach for Indian Skin

La Del Beauty's core identity is built around bringing Korean-inspired skincare rituals into the everyday routines of Indian consumers. The brand states that it aims to make Korean-inspired rituals enjoyable and empowering through trusted beauty and skincare solutions, while focusing on changing consumer needs and daily care.

The brand also highlights **chosen active ingredients, paraben-free formulations, cruelty-free positioning and products made for Indian skin** as part of its brand proposition.

Making Everyday Skincare Simple

From cleansing and hydration to acne care, oil control, pigmentation care and sun protection, La Del Beauty aims to provide skincare essentials that can be incorporated into straightforward daily routines. Its product and combo structure gives consumers the flexibility to choose individual solutions or build more complete routines according to their skincare concerns.

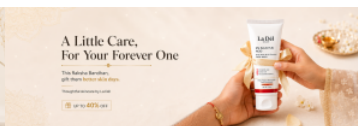

With its combination of Korean-inspired beauty concepts, ingredient-focused formulations and concern-based skincare, La Del Beauty is positioning itself as a modern beauty destination for Indian consumers looking for accessible and practical daily skincare solutions.
