

Lacey Noir: The Art Of Fashion Corsetry

Redefining the Corset for a New Era of Fashion

New York City, New York Aug 26, 2026 ([Issuewire.com](https://www.issuewire.com)) - As New York Fashion Week prepares to usher in the Spring/Summer 2027 season, the corset is having a renaissance. But LACEY NOIR believes it deserves more than a revival.

It deserves a reinvention.

For centuries, corsetry has occupied a fascinating place in fashion; shaping silhouettes, expressing femininity, and reflecting the craftsmanship of its time. Today, the corset is stepping beyond its historical role and emerging as something entirely new: a statement of confidence, individuality, and modern style.

LACEY NOIR was founded to lead that evolution.

Guided by its philosophy, “**The Art of Fashion Corsetry**,” LACEY NOIR reimagines the corset as a contemporary fashion essential, designed not to disappear beneath clothing, but to become part of the look.

This is **Fashion Corsetry**.

Where delicate lace meets sculpted silhouettes. Where sensuality meets sophistication. Where timeless femininity meets modern styling.

LACEY NOIR creates corsetry for the woman who wants her wardrobe to say something.

At the heart of LACEY NOIR is glamour with attitude. A world where femininity becomes bolder, silhouettes become more seductive, and everyday dressing gives way to something unforgettable.

Through lace, texture, rich color, sculpted forms, and elevated styling, LACEY NOIR creates pieces designed to move effortlessly from intimate moments to fashion-forward outerwear.

A LACEY NOIR corset can transform denim. Elevate tailoring. Add drama to a skirt. Bring edge to leather. Become the centerpiece of an evening look.

Because the corset should not simply shape the body.

It should shape the look.

MEET CAROLYN

Leading the brand's fashion-corsetry vision is **CAROLYN**, a sculpted, lace-forward corset created to be worn as fashion.

Available in Burgundy, Black, White, and Mocha, Carolyn embodies the LACEY NOIR aesthetic through a sophisticated color story and distinctive silhouette.

Designed to transition from denim and leather to tailored trousers, skirts, and evening looks, Carolyn represents a new approach to contemporary corsetry -distinctive enough to make a statement, versatile enough to become part of a modern wardrobe.

A NEW LANGUAGE FOR CORSETRY

LACEY NOIR is not bringing the corset back.

It is moving the corset forward.

Not costume.

Not simply lingerie.

Not nostalgia.

Fashion.

As women increasingly seek individuality, versatility, and pieces with a point of view, LACEY NOIR is creating a new language for corsetry - one rooted in confidence, sophistication, and unapologetic femininity.

Because the future of corsetry isn't about returning to the past.

It's about creating what comes next.

It is elegant.

It is empowering.

It is unforgettable.

It is LACEY NOIR.
