

Premio Matmar Provides Professional Tyre and Automotive Services in Warsaw

Comprehensive Tyre Service, Wheel Maintenance and Automotive Support in Warsaw's Ursynów District

MAT MAR

Warszawa, Mazowieckie Aug 16, 2026 ([IssueWire.com](https://www.issuewire.com)) - WARSAW, POLAND - August 2026 - Premio Matmar, a professional tyre and automotive service located in Warsaw's Ursynów district, provides comprehensive tyre, wheel and vehicle maintenance services for drivers looking for reliable automotive support in southern Warsaw.

Located at Migdałowa 2A, 02-796 Warsaw, Premio Matmar is part of the Premio service network and specializes in professional tyre replacement, tyre servicing and vulcanization. The service centre also offers a broader range of automotive services designed to support drivers throughout the year.

Premio Matmar provides tyre selection, tyre sales and installation, wheel balancing, tyre repairs, wheel mounting and TPMS sensor services. The centre also offers alloy and steel wheel straightening, helping drivers maintain proper wheel condition and vehicle handling.

Regular tyre maintenance is an important part of vehicle safety. Properly selected, correctly installed and well-maintained tyres contribute to vehicle stability, braking performance and driving comfort. Wheel balancing and correct tyre pressure are also important for reducing uneven tyre wear and maintaining smooth vehicle operation.

The tyre service at Premio Matmar covers seasonal tyre replacement as well as other tyre-related needs. Drivers can have worn tyres removed and new tyres installed, with wheel balancing and valve

replacement included as part of the tyre replacement service. The centre also provides diagnostics and servicing for TPMS systems, which monitor tyre pressure and can provide important information about tyre condition while driving.

In addition to tyre and wheel services, Premio Matmar provides automotive support including battery sales and servicing, air conditioning service and vehicle cleaning. This broader offering allows customers to address several common vehicle maintenance needs at one location.

The service centre also provides tyre repair and vulcanization services for damaged tyres. Professional repair can be an alternative to immediate tyre replacement when the type and location of the damage allow a safe repair. Wheel balancing and correct installation are also part of maintaining the overall condition of a vehicle's wheels and tyres.

"Tyres are one of the most important components connecting a vehicle with the road. Our aim is to provide drivers with professional tyre service, practical advice and convenient access to the services their vehicles need throughout the year," says the Premio Matmar team.

Premio Matmar serves drivers from Warsaw, particularly customers from Ursynów and the surrounding southern districts of the city. Its location at Migdałowa 2A provides convenient access for customers looking for tyre replacement, vulcanization, wheel services or other automotive maintenance.
