

Ultimats Launches Expanded Line of Customized Floor Mats for Homes and Businesses Across India

The Gurgaon based manufacturer now offers made to measure floor mats, including waterproof and PVC options, sold directly through its online store.

Gurgaon, Haryana Aug 31, 2026 ([IssueWire.com](https://www.IssueWire.com)) - Ultimats Matting Private Limited, a floor mat manufacturer based in Gurgaon, has expanded its range of customized floor mats for residential and commercial use. The company builds each mat around the space it's going into, factoring in foot traffic, dirt control, moisture, and the entrance's overall look.

Standard size mats often fall short at wide commercial entrances or irregular residential doorways, which is where a floor mat supplier working to custom dimensions makes the difference. Ultimats manufactures its premium floor mats to specified dimensions, colors, and border styles instead of offering a fixed catalog of sizes.

The current product range includes carpet mats, barrier mats, aluminium entrance matting, and outdoor mats built for rain and heavy foot traffic. For offices and other high moisture environments, the company also supplies a PVC floor mat for office use and a waterproof mat for floor areas prone to spills. Customers can buy floor mats online and browse doormats online through the company's ecommerce site at ultimats.com.

"Most complaints about entrance mats come down to fit, either the mat is too small for the doorway or it wears out faster than expected under real traffic," said Arun Gupta, CEO at Ultimats. "We build to the actual measurements and expected use instead of guessing, so the mat holds up at that specific entrance."

Ultimats said it plans to keep expanding its matting options based on customer requests, with a continued focus on durability and proper fit.

Customers can view the full range and place custom orders at <https://ultimats.com/>.
