

Video Promotion Club Announces August Creator Visibility Week for YouTube Creators Worldwide

Video Promotion Club will run August Creator Visibility Week from Aug. 10-16, offering a 15% price reduction on eligible video promotion services.

California City, California Aug 10, 2026 ([Issuewire.com](https://www.Issuewire.com)) - Video Promotion Club has announced [August Creator Visibility Week](#), a company-led campaign for YouTube video creators running from **Aug 10th through Aug 16th, 2026**. During the campaign, the company will apply a **15% price reduction** to eligible existing video promotion packages.

The campaign gives creators a defined period to review the company's paid video advertising services, targeting options, campaign methods, and reporting. Campaign information and applicable package details will be available through the Video Promotion Club website during the stated dates.

The company said the initiative is intended to provide creators with information about video advertising strategies while temporarily reducing the price of eligible services.

Video Promotion Club said its services use official YouTube Ads tools to create campaigns based on a customer's selected audience, budget, and geographic location. Promoted videos may appear on YouTube and Google partner sites, depending on the selected campaign settings.

The initiative is open to eligible YouTube video creators. The company said the temporary pricing change does not alter the scope or stated delivery terms of the underlying packages.

"Video creators want clear information about how promotional campaigns are structured," a **Video Promotion Club spokesperson** said. "August Creator Visibility Week gives them a defined period to review our services, campaign methods and reporting before deciding whether a package is suitable for their goals."

The **15% price reduction** will apply to eligible existing video promotion packages purchased through the company's website from Aug. 10 through Aug. 16. Creators should review the applicable package description, eligibility conditions and delivery terms before purchase. Campaign results may vary based on budget, targeting, content relevance and audience response; the company does not guarantee a specific level of reach or engagement.
