

Yugank Vishnoi - Student entrepreneur builds EdTech Platform Dreamplays HQ entirely on Mobile phone

Yugank Vishnoi Rudrapur-based student-led startup launches AYARTSTUDIO to provide free digital learning resources, crosses 500+ global visitors

Rudrapur, Uttarakhand Aug 31, 2026 ([IssueWire.com](https://www.issuewire.com)) - Hello everyone I Yugank Vishnoi, Rudrapur, Uttarakhand - From the small city of Rudrapur, a new student-led innovation is making noise in the EdTech space. Yugank Vishnoi, the co-founder of Dreamplays HQ, has developed a complete digital learning ecosystem without using a laptop or computer.

Dreamplays HQ is built with a single vision - to remove the cost barrier from creative learning. Its core product, AYARTSTUDIO, is a free platform where students can access digital art tools and educational resources without any subscription.

What makes this story different is the way it was built. While most startups need funding and high-end systems, Yugank Vishnoi built and managed the entire Dreamplays HQ website and AYARTSTUDIO platform entirely from his mobile phone.

"I come from a city where students have talent but not resources. I wanted to create something that I myself needed as a student," said Yugank Vishnoi, Co-Founder of Dreamplays HQ.

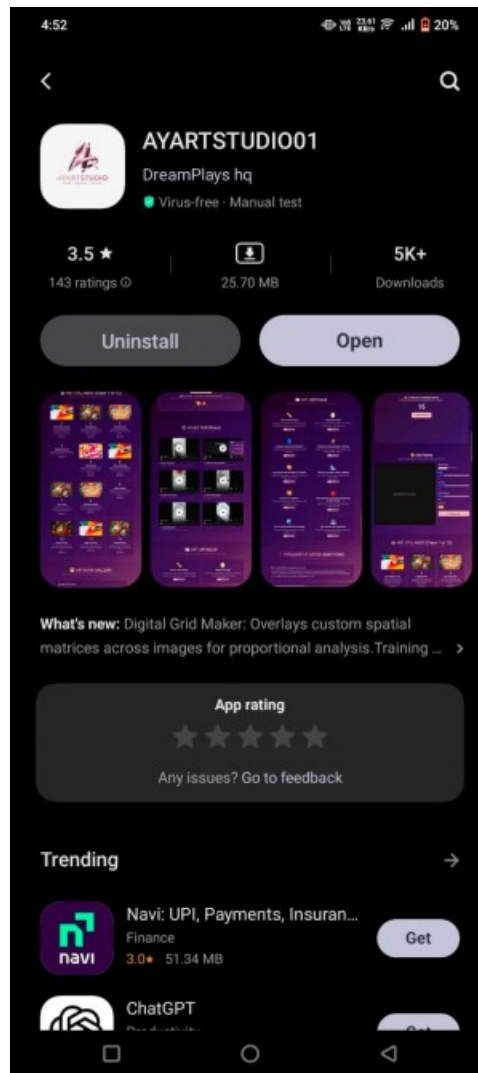

The initiative is already showing results. AYARTSTUDIO has gained over 500 visitors from different countries in a short time. The project has also been acknowledged under initiatives supported by Google for Startups, Google Cloud and GitHub.

Dreamplays HQ is currently operating from Rudrapur and plans to launch more free tools for students in the coming months.

About Dreamplays HQ:

Dreamplays HQ is an independent EdTech startup co-founded by Yugank Vishnoi in Rudrapur, Uttarakhand. The startup focuses on building free, mobile-first learning solutions for Indian students. Learn more at <https://dreamplays-official.github.io/>
