Braiding remains a popular choice for customers who want versatile and attractive protective hairstyles. Amazing Glow Beauty provides multiple braiding options designed around different style preferences, braid sizes, lengths, and desired looks.

Its professional services include [Box Braids](#), with small, medium, and large options available. Customers interested in a lighter, modern variation can explore **Knotless Braids**, including different sizes and length options.

For clients looking for a softer and more expressive appearance, [Goddess Knotless Braids](#) provide another styling choice. These styles combine the structured appearance of braids with a more flowing finish, making them suitable for customers who want a distinctive protective hairstyle.

Customers searching online for a [Braids shop near me](#) or **Braids near me** can also explore additional options available through Amazing Glow Beauty, depending on their preferred style and hair goals.

Feed-In Braids and Cornrow Styling

Amazing Glow Beauty also offers several feed-in and cornrow options. These include heart-shaped feed-ins, large feed-ins, lemonade braids, feeding braids, updo feeding braids, straight-back cornrows, feed-

in ponytails, and men's cornrows.

The variety allows customers to select a look based on personal style rather than being limited to a single type of braid.

Feed-in braids and cornrows can be styled in many patterns, making them suitable for clients looking for anything from a simple everyday appearance to a more detailed design. Customers can discuss size, length, pattern, and other styling preferences while selecting an appropriate service.

Crochet, Locs and Twist Services

Braids are only one part of the styling menu. Amazing Glow Beauty also offers **Crochet services**, including pre-looped and unlooped crochet options.

Micro Braids and Micro Knotless Braids

For customers who appreciate smaller and more detailed braiding styles, Amazing Glow Beauty also lists **Micro Braids** and **Micro Knotless Braids** among its services.

Micro styles typically require more time because of the smaller sections and detailed braiding involved, but they can provide a versatile finished appearance.

Clients considering these services can choose their preferred look while taking factors such as desired length, braid size, maintenance routine, and styling time into consideration.

Sew-Ins and Wig Installation

Amazing Glow Beauty's service selection extends beyond braiding. **Sew-In services** are available for customers looking to add length, volume, or a different appearance to their natural hair.

The business also offers [Wig Installation](#), providing another option for customers who enjoy changing their hairstyle without committing to one look for an extended period.
