Global Real Estate Pro Expands International Real Estate Services Through Strategic Partnership with Bardi & Partners Law Firm in Florence Italy

Bergen County, New Jersey Sep 30, 2026 ([Issuewire.com](https://www.issuewire.com)) - Global Real Estate Pro is pleased to announce a new international collaboration with **Bardi & Partners Law Firm**, a Florence-based Italian legal practice led by **Attorney David Bardi**, specializing in legal assistance for real estate transactions throughout Italy.

This strategic partnership enhances Global Real Estate Pro's ability to assist international buyers seeking to purchase residential, investment, vacation, and luxury properties across Italy while providing comprehensive legal protection and transaction support throughout the entire acquisition process.

Through this collaboration, clients of Global Real Estate Pro will gain direct access to a dedicated team of Italian legal professionals, surveyors, and notarial specialists who will assist with every legal and administrative aspect of purchasing real estate in Italy.

"Our mission has always been to make international real estate ownership accessible, secure, and seamless for our clients," said **Peter Ingrasselino, Founder of Global Real Estate Pro**. "By partnering with Bardi & Partners, we can now provide buyers interested in Italy with complete support, from property selection through legal due diligence and closing, ensuring a smooth and transparent transaction process."

Under the partnership, Global Real Estate Pro will assist clients in identifying properties throughout Italy using leading Italian real estate platforms and local market resources. Once a property is selected, Bardi & Partners will coordinate the legal and transactional process, including:

- Property document review and verification
- Legal due diligence
- Ownership verification
- Mortgage, lien, and encumbrance checks
- Land registry and zoning reviews
- Drafting and review of purchase offers and contracts
- Contract negotiation assistance
- Notary coordination
- Preparation of powers of attorney for overseas buyers
- Tax code assistance for foreign purchasers
- Coordination with sellers, agents, surveyors, and other professionals involved in the transaction

The partnership is designed to complement, not replace, the role of real estate professionals. While Global Real Estate Pro guides clients through property selection, market analysis, and transaction strategy, Bardi & Partners ensures that all legal aspects of the purchase are properly managed and executed in accordance with Italian law.

A key advantage of the collaboration is the ability for international buyers to complete many aspects of the transaction remotely. Through carefully prepared powers of attorney, clients may complete property acquisitions even when they are unable to travel to Italy for closing.

"International buyers often face challenges navigating unfamiliar legal systems, documentation requirements, and language barriers," said **Attorney David Bardi**. "Our role is to serve as a trusted legal partner on the ground in Italy while maintaining close communication with Global Real Estate Pro throughout every stage of the transaction."

The collaboration enables Global Real Estate Pro to offer a fully integrated solution for clients seeking opportunities throughout Italy, from historic city apartments and countryside villas to luxury waterfront properties and investment real estate.

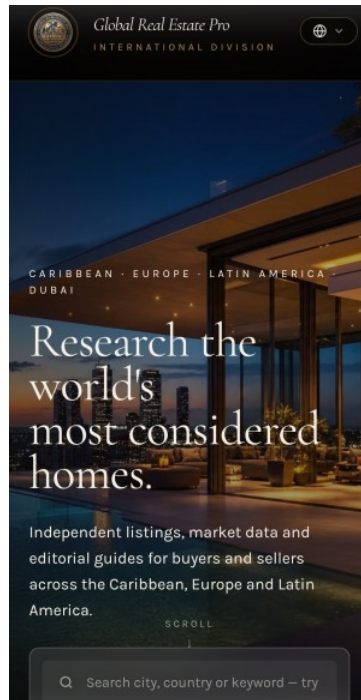

Clients interested in purchasing property in Italy can begin their search immediately through Global Real Estate Pro and benefit from comprehensive legal and transactional support through Bardi & Partners.
