

Michles & Booth Named "The Official Law Firm of UWF Athletics"

Pensacola, Florida Sep 3, 2026 ([IssueWire.com](https://www.issuewire.com)) - Michles & Booth, P.A. is proud to announce a long-term partnership with University of West Florida Athletics as "[The Official Law Firm of UWF Athletics](#)".

The partnership arrives at a milestone moment for UWF Athletics. The Argonauts stepped into NCAA Division I this year, joining the Atlantic Sun Conference as a full multi-sport member on July 1 and taking the field in the United Athletic Conference for football.

For 25 years, Michles & Booth has invested in Pensacola and the surrounding Panhandle communities through local partnerships. As the firm marks its 25th anniversary, partners Marcus J. Michles II, Adrian R. Bridges, Brian P. Carter, and Kel D. Murphy have made a significant investment in the future of UWF Athletics.

"We believe this partnership is going to transform the University, Pensacola, and our Panhandle communities," said Partner Brian P. Carter. "The work that we do together will support our local athletes who inspire our youth, build our community, and bring us all together."

"At Michles & Booth, we are proud to be celebrating our 25th year of representing local injury victims," said Marcus J. Michles II, founding and managing partner. "It's our privilege and honor to emphasize our commitment to the next 25 years by partnering with UWF Athletics, a shining example of what hard work, vision, and a commitment to excellence can bring to our community."

For the firm, the partnership hits close to home. Attorney Travis A. Bright, Jr. serves on the UWF Alumni Association board, and many of the firm's attorneys, staff members, and their families attended the University of West Florida.

Michles & Booth credited Tori Bennett and Robin Zimmern of the University of West Florida Foundation, along with UWF President Manny Diaz Jr. and Athletic Director Dave Scott, for their work in making the partnership possible.

ABOUT MICHLES & BOOTH, P.A.
