

Prefortune Technologies Launches Odoo Apps on Its Website

Prefortune Technologies Expands Access to Its Odoo Apps Through Its Website, Alongside Custom Odoo Development Services!

Amityville, New York Sep 7, 2026 ([Issuewire.com](https://www.issuewire.com)) - **Prefortune Technologies LLP**, founded in **2014**, is an Odoo-focused technology company providing Odoo Custom Development and ready-to-use Odoo Apps for businesses across various industries. Until now, Prefortune Technologies' Odoo Apps have been available through the Odoo App Store. Now, businesses can also discover and explore these Apps directly through the Shop section of the Prefortune Technologies website, making it easier for existing Odoo users to find solutions that can extend the functionality of their systems. Alongside its ready-to-use Odoo Apps, Prefortune Technologies also provides custom Odoo development services tailored to specific business requirements.

Prefortune Technologies has released a new way for Odoo users and companies to browse the company's portfolio of Odoo Apps, directly on the company's official website. Now customers have a chance to explore the Odoo solutions of Prefortune Technologies without depending on the Odoo App Store to choose the right application for their business requirements.

Prefortune Technologies continues to expand its offering of Odoo Apps to cover different business requirements, making its solutions easier to find, know and use. Users can browse the available applications, read about the features and use cases and find solutions that can help them streamline business operations.

Find Odoo Apps by Prefortune Technologies Directly

Previously, businesses looking for Prefortune Technologies' Odoo Apps were limited to the Odoo App Store. Prefortune Technologies is expanding the availability of its apps by providing them on its own website, allowing users to see its complete spectrum of solutions.

Businesses can visit the website to learn more about each app and how it can help support various operational needs across sales, inventory, accounting, point of sale, website management and other business functions.

Tailored Odoo Development for Unique Business Requirements

Prefortune Technologies offers customised Odoo development services and off-the-shelf Odoo Apps for businesses that need functionality beyond the standard applications.

Every business has its own processes and needs. Custom Development Extend Odoo with additional features, workflows, integrations and functionality specific to your business needs not fully covered by an existing Odoo App.

Prefortune Technologies through its custom Odoo development services works with businesses to develop solutions as per their unique operational requirements.

Your One-Stop Destination for Odoo Solutions

An extension that allows direct access to Odoo Apps is a proof of Prefortune Technologies' commitment to making [Odoo solutions](#) more accessible to businesses. Whether a company is looking for a ready-made Odoo App or a customized solution, users can now check both options at the Prefortune Technologies website.

"Businesses must be able to find the right Odoo solution for their needs without any hassle," said Rishi Trivedi, Co-Founder of Prefortune Technologies. We want to make it simpler for businesses to explore our solutions and find the right approach for their unique needs by bringing our Odoo Apps directly to our website and offering custom Odoo development.

Companies can visit the Prefortune Technologies website to browse its Odoo Apps and know more about its custom Odoo development services.

Prefortune Technologies

Prefortune Technologies is a specialised Odoo technology company that offers Odoo Apps and custom Odoo development for businesses. The company develops applications that work to improve the features of Odoo and help businesses to meet specific operational needs.
