

Serenity AcuSpa Opens At New Markham Location Offering Body Scrub Massage, Facial, and Acupuncture Services

Serenity AcuSpa opens at 1443 Denison Street with massage therapy, facial services, and Chinese acupuncture for Markham guests

Markham, Ontario Sep 8, 2026 ([IssueWire.com](https://www.issuewire.com)) - A new wellness destination has opened at 1443 Denison Street, with Serenity AcuSpa now serving the Markham community. The TCM-inspired spa offers registered massage therapy, traditional Chinese acupuncture, Japanese facial treatments, and Japan-inspired scalp care, giving Markham and Toronto-area guests access to an integrated wellness menu under one roof.

Clients visiting the Denison Street location can choose from a wide range of specialized therapies designed to address tension, circulation, and overall relaxation. Each session takes place in a private treatment room designed to minimize noise and interruption, and therapists customize pressure levels and treatment durations to individual client needs.

Massage & Bodywork

The [Relaxation Series](#) covers general stress relief, including relaxing/oil massage, aroma relaxing massage, hot stone massage, lava shell massage, Himalayan salt stone massage, and body scrub massage.

For chronic tension and sports recovery, the [Therapeutic Massage Series](#) offers [deep tissue massage](#), Thai herbal compress massage, bamboo massage, cupping and scraping massage, and Ashiatsu back walking.

A Special Care Series addresses postpartum recovery and hormonal wellness through the Women's Wellness program. Add-on rituals include Pearl Eye Therapy and Ear Picking/Ear Candle treatments.

Acupuncture, TCM Care & Facial Treatments

Traditional Chinese acupuncture is available for guests addressing broader wellness concerns such as tension, sleep quality, and energy balance. The spa also offers [facial cosmetic acupuncture](#), a needle-based approach to facial toning and skin vitality that combines traditional techniques with a skin-focused method to support circulation and ease facial tension. Guests can also book Smart Moxibustion Therapy, a smoke-free treatment that uses infrared technology for precise, controlled warmth to support circulation and relaxation—an update on the traditional practice, delivered with modern equipment rather than an open flame.

On the facial side, Japanese-system facial treatments cleanse and hydrate skin, complementing the spa's massage and acupuncture menu for guests seeking full-service rejuvenation in a single visit.

Local Access to In-Demand Treatments

"Guests who book a massage or facial treatment frequently ask about adding acupuncture or moxibustion in the same visit. We designed the treatment rooms so that clients can move between services without feeling rushed. We've also heard from a number of guests that they previously traveled to Toronto for facial acupuncture, so it's been rewarding to bring that option closer to home for Markham

residents."

The 1443 Denison Street location places Serenity AcuSpa in central Markham with access to major transit routes and parking. The spa maintains separate waiting areas and private treatment rooms for guest comfort and follows local health guidelines for massage therapy and acupuncture practices. Appointments can be booked by phone or through the spa's online scheduling system.

[Serenity AcuSpa is open Monday through Saturday, 10:00 a.m. to 10:00 p.m.](#)
