

Unique Corporate Limos Earns 2026 Best of Florida Honorable Mention in Transportation

Family-Owned Jacksonville Black Car Service Led by 20-Year Industry Veteran Karl Kulikov Serves Corporate, VIP and Private Aviation Travelers Across Northeast Florida and the Georgia Golden Isles

Jacksonville, Florida Sep 7, 2026 ([Issuewire.com](https://www.issuewire.com)) - Unique Corporate Limos has been named a 2026 Best of Florida Honorable Mention in the transportation category by Guide to Florida, whose annual awards recognize a small percentage of businesses statewide based on public voting and editorial review.

The recognition lands in the company's fourth year of operating as a family-owned chauffeur black car limo service in Jacksonville — not a dispatch broker, not an app leading by the owner [Karl Kulikov, executive ground transportation industry expert](#).

"Nobody votes for a limo company because the car was shiny," said Kulikov. "They vote because someone showed up at 4:40 in the morning for a 6 a.m. flight, and did it eleven times in a row without a single problem. That's the whole business."

White Glove Service for a Specific Kind of Traveler

Unique Corporate Limos built its client base around travelers who cannot afford a missed pickup: corporate executives, frequent business flyers, VIP guests, and private aviation passengers moving between Northeast Florida and the Georgia coast.

That focus shows up in how the company runs corporate and executive transportation accounts — dedicated scheduling, consolidated invoicing, chauffeurs in business attire, and the same faces on repeat itineraries rather than a rotating pool of contractors.

For private aviation clients, the company's [FBO and private jet car service](#) tracks arrivals by tail number and stages vehicles planeside at Jacksonville-area FBOs, where a ten-minute delay on the ground undoes the reason someone chartered a jet.

Commercial arrivals at Jacksonville International are handled through [JAX airport car service](#) with live flight monitoring, or through inside-terminal meet and greet, where the chauffeur waits at Baggage Claim 1 with a name sign and takes the luggage.

Northeast Florida and the Georgia Golden Isles

The company's long-distance car service covers a corridor that most Jacksonville operators treat as an afterthought: Amelia Island, Ponte Vedra Beach, and St. Augustine to the south and east, and north across the state line to Brunswick, [St. Simons Island](#), Sea Island, Jekyll Island, and Savannah.

Golden Isles resort traffic runs on a rhythm the company knows well — Sea Island guests arriving at JAX with a 90-minute drive ahead of them, corporate retreats moving in groups, and wedding parties who need a [Mercedes Sprinter limo service](#) rather than three separate sedans.

Rates are quoted and confirmed before travel. There is no surge pricing.

What the Award Reflects

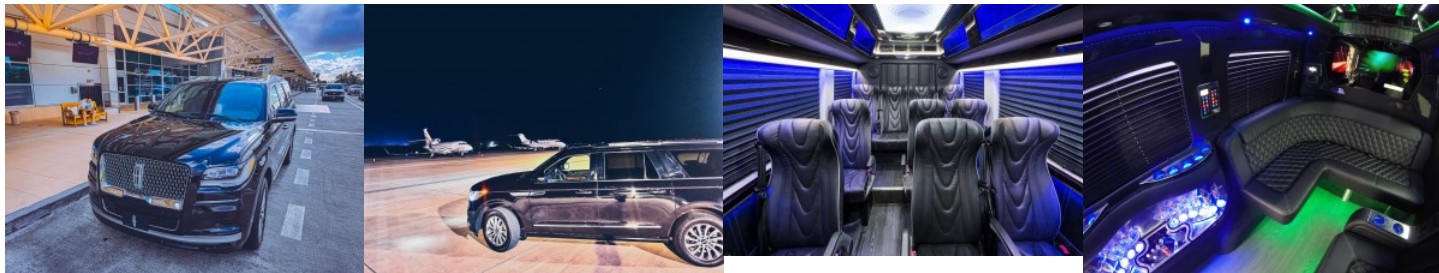

The Best of Florida program weighs public voting alongside a compliance review of each business. For Unique Corporate Limos, the vote sits alongside 145+ verified five-star Google reviews, most of which name a specific chauffeur rather than the company.

"An award is a nice thing to hang on the wall," Kulikov said. "A client who has used you for four years and now sends you their board members is the real scoreboard. The award just means some of them took the time to say so publicly."

The company is a member of the National Limousine Association, the JAX Chamber, the Nassau County Chamber of Commerce, and is a Visit Jacksonville and Visit Florida partner.

Booking

Unique Corporate Limos operates 24/7, 365 days a year. Reservations can be made at <https://www.uniquecorporatelimos.com/booking/>, through the online booking form, or by call or text to (904) 800-5657. Vehicle options and seating are listed on the fleet page, and client feedback is published on the testimonials page.
