

Who Is Tapan Mali? Exploring the Growth Story of Green Orchid Group of Companies

Dr. Tapan Mali's entrepreneurial vision and leadership continue to drive Green Orchid Group of Companies towards innovative development, community growth, and Assam's future infrastructure landscape.

Guwahati, Assam Sep 3, 2026 ([Issuewire.com](https://www.issuewire.com)) - The growth story of Assam's business landscape has been shaped by entrepreneurs who combine vision, dedication, and a commitment to community development. Among these emerging business leaders, Dr. Tapan Mali, Founder and Managing Director of Green Orchid Group of Companies, has established himself as an entrepreneur focused on creating opportunities through real estate development, infrastructure, and diversified business ventures.

A native of Mirza, Assam, Dr. Tapan Mali has developed a strong understanding of the region's potential and growth opportunities. His entrepreneurial journey reflects his commitment to building businesses based on transparency, quality, and sustainable development. With experience in real estate and multiple business sectors, he has worked towards creating projects that contribute to both economic progress and community development.

Dr. Tapan Mali's journey in the real estate sector gained significant momentum in 2013 when Green Orchid Group entered the residential development segment. His vision was to create more than just residential projects - he aimed to develop planned communities that provide better living environments and long-term value for residents.

One of the major milestones in his entrepreneurial journey is [Green Orchid NE](#), a landmark residential project that introduced a modern approach to community living in Guwahati. The project represents his focus on thoughtful planning, quality construction, and creating spaces where families can experience a better lifestyle.

The growth journey of [Tapan Mali Green Orchid](#) reflects a broader vision of developing businesses that support Assam's economic progress. Under his leadership, Green Orchid Group of Companies has expanded its presence across multiple sectors, including real estate, logistics, planning, earth-moving, and agriculture.

The group operates through various companies, including ***Green Orchid NE Pvt. Ltd., Green Orchid Logistics Pvt. Ltd., Green Orchid Planners Pvt. Ltd., Green Orchid Earth Movers Pvt. Ltd., and Green Orchid Agri Pvt. Ltd.*** This diversified approach demonstrates Dr. Tapan Mali's commitment to creating businesses that generate employment opportunities and contribute to regional development.

A key part of his future vision focuses on integrated township development near Guwahati Airport. Planned townships can play an important role in supporting urban expansion by creating residential communities along with commercial spaces, healthcare facilities, educational infrastructure, and employment opportunities. Through this vision, Dr. Tapan Mali aims to contribute towards Assam's future growth and strengthen the region's development ecosystem.

Beyond business growth, Dr. Tapan Mali has also actively participated in social welfare initiatives. His commitment towards society has been demonstrated through various community-focused efforts over the years.

In 2019, Dr. Tapan Mali was elected as the **State President of the ST/SC Cell of Vishwa Manavadhikar Parishad (India)**, recognising his involvement in social welfare and community initiatives.

He was also felicitated during the **Golden Jubilee Celebration of the magazine "Sattikar Subhash" held at Palasbari RB HS & MP School, Mirza** for his contribution towards the well-being of students and teachers through social support.

During the COVID-19 pandemic, Dr. Tapan Mali extended financial assistance to the [Assam Chief Minister's Relief Fund](#) twice - on 21 April 2020 and 26 May 2021 — to support relief activities and community welfare efforts during a challenging period.

His commitment to healthcare awareness was also reflected through a collaborative initiative focused on creating awareness about **Hepatitis and Liver Cirrhosis**. The awareness campaign included support from Green Orchid Group, Medicity Guwahati, and Gupshup 94.3 FM as the radio partner, along with a friendly cricket event organised to promote public engagement.

Dr. Tapan Mali has also encouraged young sporting talent by supporting athletes and sports enthusiasts. He extended financial assistance to football enthusiast Nitul Das, a Mirza native who was invited to participate in the Kerala Premier League, helping encourage his sporting journey.

In another community welfare initiative, Dr. Tapan Mali, on behalf of Green Orchid Group of Companies, distributed blankets at Central Jail, Guwahati, to support people in need during the winter season.

These initiatives highlight his belief that entrepreneurship should create a positive impact beyond

commercial success. His approach combines business growth with social responsibility, reflecting the importance of contributing to the communities where businesses operate.

The journey of [Tapan Mali Guwahati](#) represents the story of an entrepreneur who continues to work towards transforming ideas into meaningful developments. Through Green Orchid Group of Companies, Dr. Tapan Mali continues to focus on innovation, responsible growth, and creating opportunities that contribute to Assam's evolving future.

With a strong foundation built on vision, commitment, and community values, Green Orchid Group of Companies continues its journey towards becoming a significant contributor to Assam's business and infrastructure development.
