

Convex Studio Ltd Wins Three Diamond Awards in Hamilton Readers' Choice 2026

Convex Studio Ltd receives Diamond recognition across three categories covering advertising, marketing, website services and graphic design.

Hamilton, Ontario Oct 23, 2026 ([Issuewire.com](https://www.issuewire.com)) - Convex Studio Ltd has received three Diamond awards in the **2026 Best of Hamilton Readers' Choice Awards**, recognizing the company's advertising, digital marketing, web services and graphic design work.

The company received Diamond recognition in three categories:

- **Best Advertising / Marketing Agency**
- **Best Web Services / Graphic Design**
- **Best Graphic / Web Designer**

The awards are listed separately in the Readers' Choice results, although the two web and graphic design categories cover closely related services.

For Convex Studio, the recognition provides an opportunity to acknowledge the clients and Hamilton-area businesses that have supported its work in digital marketing and online business services.

Marketing and Website Services for Local Businesses

Convex Studio Ltd is a Cambridge-based digital marketing agency with a Hamilton sales office at 130 Brockley Drive. The company works with businesses throughout Hamilton, Waterloo Region and surrounding Southern Ontario communities.

Its services include website design and development, search engine optimization, digital advertising, social media marketing, graphic design, branding support and online marketing strategy.

These services address different aspects of a business's online presence. Website development provides a foundation for presenting products, services and business information, while digital advertising and search engine optimization can help businesses reach customers searching for relevant services.

Social media marketing and graphic design support communication across digital platforms, helping businesses present information consistently and maintain contact with their audiences.

Convex Studio works with clients to identify their business objectives and develop marketing services suited to their requirements, available resources and intended customers.

Appreciation for Hamilton Recognition

The Best of Hamilton Readers' Choice Awards allow readers to recognize businesses and service providers across a range of local categories.

Owner Stephen Morgan expressed appreciation for the company's recognition in three categories.

"We appreciate the support of our clients and the Hamilton business community. Our work involves helping businesses communicate clearly, maintain effective websites and reach customers through digital marketing. Being recognized in these categories is meaningful to our team, and we are grateful to everyone who supported us," said Morgan.

The three Diamond awards follow additional recognition for Convex Studio in the 2026 CommunityVotes Hamilton program.

Earlier this year, the company received four Platinum awards in CommunityVotes Hamilton, in the categories of Web Design, Marketing and Advertisement, Digital Marketing, and Social Media Marketing.

CommunityVotes and Readers' Choice are separate recognition programs. The results provide Convex Studio with opportunities to thank clients and community members across different areas of its services.

Continued Service in Hamilton and Southern Ontario

Through its Hamilton sales office, Convex Studio maintains a local point of contact for businesses seeking assistance with website development, advertising and digital marketing.

For many businesses, maintaining an online presence involves more than launching a website. Business information, website functionality, search visibility, advertising campaigns and social media activity may all require ongoing attention as services and customer needs change.

Convex Studio provides these services individually or as part of broader marketing arrangements, depending on each client's requirements.

The company continues to work with organizations across different industries, including local service businesses and regional enterprises.

Its three Diamond recognitions in Hamilton's 2026 Readers' Choice Awards acknowledge distinct award categories while reflecting related areas of the company's marketing and design work.
