

Credit.CC Highlights Comprehensive Credit and Identity Protection With Abel AI Advisor and Family Safety Features

Credit.CC brings together FICO scores, credit monitoring, identity alerts, privacy tools, child and parent protection, and AI-powered guidance through Abel in one platform.

to credit and identity protection, combining credit monitoring, FICO® scores, fraud alerts, privacy services, and family protection with Abel™, its AI Credit & Identity Advisor.

The platform addresses a growing need for consumers to understand both their financial standing and the ways their personal information may be exposed or misused. Through a range of membership plans and optional services, Credit.CC brings monitoring, guidance, and recovery resources together in one account.

Abel™: Making Credit and Identity Information Easier to Understand

A central feature of Credit.CC is Abel™, an AI Credit & Identity Advisor designed to help users make sense of credit and identity information through accessible, conversational guidance.

Abel adds an educational layer to the platform, helping users move beyond simply viewing a score toward understanding their credit information and exploring practical next steps. Abel is included with Premium and Ultimate memberships and is also available during the access period for Credit.CC's one-time three-bureau report.

Credit Monitoring With FICO® Scores

Credit.CC offers credit monitoring options ranging from one-bureau monitoring to coverage across Experian, Equifax, and TransUnion, depending on the selected plan.

Credit features include:

- FICO® Score 8 access, with refresh frequency varying by membership.
- Three-bureau credit reports and monitoring on eligible plans.
- Credit alerts for important changes and potentially suspicious activity.
- Industry-specific FICO scores for auto, bankcard, and mortgage lending on eligible plans.
- TransUnion credit lock and freeze features on eligible plans.
- An Identity Score included with every membership plan.

For consumers who prefer a single purchase, Credit.CC also offers a one-time three-bureau report for \$39.99, with 30 days of access to the report, scores, and Abel™ AI guidance, without a recurring subscription.

Identity Protection Beyond the Credit File

Credit.CC's identity protection features extend beyond credit inquiries and account changes. Depending on the membership selected, monitoring includes:

- Dark web and breach-source monitoring for exposed Social Security numbers and personal information.
- SIM-swap detection for signs of phone-number takeover.
- Telecom spoofing protection.
- Home title monitoring.
- Civil, criminal, and bankruptcy records monitoring.
- Motor vehicle registration alerts.
- Identity verification monitoring.
- Social media monitoring for up to eight profiles on the Ultimate plan.

These services help consumers identify potential warning signs across multiple areas where identity misuse can occur.

Privacy Tools to Reduce Personal Information Exposure

Credit.CC's Privacy Scan helps consumers locate personal information appearing on people-search and data-broker websites.

The Ultimate membership also includes Privacy Protect, with quarterly personal information removal services. Together, these features help users understand where their information appears online and take steps to reduce its exposure.

Protection for Children and Parents

Credit.CC's Family Safety options allow users to add child and parent protection to their household coverage.

Child protection includes identity and Social Security number monitoring, helping families watch for misuse of a child's information before the child begins building an independent financial life.

Parent protection allows users to bring a parent's identity monitoring into their household protection. The service recognizes that caring for family includes looking out for the people who once looked out for them.

Mortgage Scores and Readiness Tools

For consumers preparing to buy or refinance a home, Credit.CC offers a Mortgage Scores add-on for Ultimate members at a one-time price of \$49.99.

The add-on includes mortgage-model FICO® Scores 2, 4, and 5, a Mortgage Readiness profile and estimates, and the option to share a read-only Mortgage Snapshot with a loan officer or advisor. Users control whether they share their information and can revoke access.

Mortgage readiness information is educational and does not constitute loan approval or a commitment to lend.

Recovery Support and Identity Theft Insurance

Credit.CC offers U.S.-based fraud remediation support on eligible plans. Premium includes an identity protection bundle with up to \$3 million in identity theft insurance, while Ultimate includes up to \$5 million.

Insurance benefits are subject to applicable policy terms, conditions, exclusions, and coverage limits. Feature availability varies by plan and add-on.

Flexible Memberships and Public Resources

Credit.CC offers Basic, Standard, Premium, and Ultimate memberships, with monthly plans starting at \$7.99 and discounted annual billing options.

The website also provides educational articles and financial tools, including credit card debt, mortgage,

auto lease, and lease-versus-buy calculators.

Consumers can explore features, compare plans, and access resources at <https://credit.cc>.

About Credit.CC

Credit.CC is a credit and identity protection platform bringing together credit monitoring, FICO scores, identity alerts, privacy services, family protection, and AI guidance. Its services help consumers understand their credit, monitor potential identity risks, and access support when suspicious activity occurs.
